As your Registrar of Voters, it is my commitment that Orange County elections are fair, accurate, transparent, and accessible. This Voter Information Guide explains how, when and where to vote in the June 7, 2022 Statewide Direct Primary Election.

Please take a moment to review your options for voting safely and securely in this election:

You can also sign up to receive notifications to track your mail ballot with OC Ballot Express.

Note: A separate State Voter Information Guide will be mailed to you, which contains information about candidates for U.S. Senator and Statewide Constitutional offices

Sincerely,

Bob Page

Remote Accessible Vote-by-Mail Ballot

Any voter may cast a ballot using a certified Remote Accessible Vote-by-Mail (RAVBM) system. How do primaries work in California?

In a Primary Election, voters choose candidates to run in the General Election in November.

For the June 7, 2022 Statewide Direct Primary election, you will have Voter-Nominated and Nonpartisan contests on your ballot.

<p>California Top-Two Primary Voter-Nominated Offices</p>	<p>State, County or Local Offices Nonpartisan Offices</p>
<p>U.S. Representative U.S. Senator State Constitutional Offices State Senator State Assembly Member</p>	<p>State Superintendent of Public Instruction County Supervisor Judge of the Superior Court County Board of Education Member County Offices</p>

In a **California Top-Two Primary**, for offices nominated by the voters, you can vote for any candidate, no matter what your party preference is.

- **All voters** can vote in the Top-Two Primary.
- You can vote for **any candidate** or write in a candidate.
- A candidate’s **party preference** is shown with his/her name. If a candidate is not registered with a party, his/her party preference is listed as “None.”
- **The Top Two vote-getters** move on to the General Election in November. It is possible that the top two could be from the same party.

For **state, county, or local offices** in a **Nonpartisan Primary**, all voters can vote for **any candidate**.

- The candidates’ party preference does not appear on the ballot.
- If a candidate receives 50% plus 1 vote in the Primary, that candidate is elected.
- If no candidate receives 50% plus 1 vote, the top two vote-getters go to a run-off at the November General Election, except for County Board of Education Member, where the top vote-getter is elected.

Why do we have a “Top-Two Primary”?

Proposition 14, passed by California voters on June 8, 2010, created the Top Two Candidates Open Primary Act. This act requires that the two candidates receiving the greatest number of votes in the Primary Election will appear on the General Election ballot regardless of party preference.

ERIC CHING

Mayor, City of Walnut/Entrepreneur

REPUBLICAN

AGE: 55

The "You First" campaign is my dedication to serving the community, You, which is something many politicians have overlooked and put last on their priorities.

I thank God for giving me the opportunity to run for Congress to help address issues neglected by the government.

As your Congressman, I promise to support and defend the Constitution, boost border security, ensure transparency and honesty within our government, keep our communities safe, promote high education standards and parental rights, and encourage economic growth.

During my service on the Walnut City Council, we balanced our budget, kept the city safe, improved the quality of life for our residents, generated good jobs, and created an ideal place to work, live, and raise a family.

Since the passing of my wife, I have been raising two beautiful daughters, who I am incredibly proud of, and dedicating myself towards helping those in need.

As the Chief Operation Officer of a nonprofit organization, I help feed and support thousands of people during pandemics.

With 9 years of experience serving the local government combined with 30 years managing businesses, I have displayed and proven my aptitude for delivering results.

GREG RATHS

REPUBLICAN

Retired Marine Colonel

An exceptionally qualified leader for Congress. Serving my country and community has been a big part of my life. My wife Luci and I moved to Orange County in 1978 when I was assigned to the El Toro Marine Corps Air Base as a jet fighter pilot, and I have called Orange County home ever since. As a combat-decorated fighter pilot, I flew 75 combat missions into Iraq, Kuwait and Somalia. As the Pentagon-appointed White House Military Office Assistant Chief of Staff, I kept communications between our President and the Pentagon intact. I performed my duty to the highest standards.

After retiring from the Marine Corps at the rank of Colonel, I flew commercially for Jet Blue Airways. I later became the president of a successful business in Anaheim. I know firsthand how high taxes and regulations can make running a business harder than it should be.

In 2014 I was elected to the Mission Viejo City Council, re-elected in 2018, and in 2019 elected Mayor. Crime was reduced by 27%. I balanced the budget and left a \$6 million surplus.

As your Representative, my top priorities will be:

- Permanently lower individual taxes and raise deductions.
- Stop illegal immigration.
- Energy Independence.
- Parental Rights.
- Veteran healthcare.
- Lower healthcare premiums and prescription drug prices, and allow every American access to low group rates.
- Ensure that Orange County remains a safe, prosperous and great place to live and raise a family.

That takes responsible and experienced leadership. You have my word. My personal cellphone 949-292-2468

ASIF MAHMOOD

DEMOCRATIC

Physician, Internal Medicine

Politicians in Congress are too busy fighting each other. They aren't finding ways to help families.

I am running for Congress because families in this district need leaders who wake up every day to solve problems.

I've spent my career as a physician and pulmonologist helping people. For more than twenty years, I've helped patients overcome their health challenges and go on to lead richer lives.

When a patient comes into my office, they don't say whether they are a Republican or Democrat. They tell me what's wrong, and we begin working together to make them feel better. Congress shouldn't be any different.

I'll work across the aisle and pass legislation that benefits all our families. Here's where I'd start:

Tackling inflation and the cost of living: Families are getting squeezed by rising costs on everything from groceries to insurance premiums. I'll fight to help you keep more of your money.

Growing the economy and creating good jobs: I'll fight to create good-paying jobs that can support a family.

Improving roads and infrastructure: I'll fight for smart investments to improve our roads and bridges. Let's upgrade our power grid and improve internet access.

Standing up to extreme politics: Neither party is right 100% of the time. I'll fight for the good of our country – not a political party.

My wife and I raised our three children here in Southern California. I love these communities and people deserve more from Washington.

I humbly ask for your vote.

YOUNG KIM

REPUBLICAN

U.S. Representative

I ran for U.S. Congress because, like you, I believed our country was heading in the wrong direction and I was fed up with the status quo. Washington politicians were too focused on working for the Washington establishment instead of working on real solutions to address major issues plaguing American families.

As a Member of Congress, I've spent my first term standing up to the establishment saying enough-is-enough. I've worked on legislation to protect small businesses, combat skyrocketing inflation, lower taxes on all Californians, and rein in an overreaching federal government.

Jobs & Economy: I have passed legislation to bring high paying, quality jobs back to our region, and worked to bolster our economy.

Taxes & Inflation: Inflation is taxation and that's why I've worked to lower the burden of rising prices and voted against every tax increase.

Public Safety: My top priority is keeping our communities and families safe, and I will continue to support law enforcement and keep criminals off our streets.

Border Security: I have worked tirelessly to secure our border and uphold the rule-of-law.

My record has earned me endorsements from the California Republican Party and the Republican Party of Orange County and nearly 100 local, county, and state elected officials who I've worked with personally to get positive results for our communities.

I've been a trusted conservative voice standing up to Nancy Pelosi and her out-of-touch agenda and I hope to earn your vote and continue representing our community in Congress. Learn more at www.YoungKimforCongress.com

MICHELLE STEEL
U.S. Representative

REPUBLICAN

For too long, government has failed the very people it was established to protect, and that's why I ran for Congress.

As an immigrant from South Korea who came to America for the hope of a better future, I've dedicated my life to public service, becoming California's leading voice for lower taxes on working class families.

Today I continue that fight in Washington, DC. because the fundamental responsibility of government is to work for the people.

During my first term in Congress, I've stood up to both Washington politicians and special interests to improve our quality of life:

Taxes & Economy: I voted against any tax increase on California families while promoting economic policies to create good paying, local jobs. That's why I've earned the endorsement of the Howard Jarvis Taxpayers Association.

Affordability: I've worked to combat the skyrocketing inflation that is crushing working class families and making our lives increasingly unaffordable.

Healthcare: I've led efforts at federal and local levels to ensure every Californian has access to quality and affordable healthcare that also lowers the cost of prescription drugs.

Foreign Policy: I've been a vocal leader standing up to communist China and worked on legislation to hold the CCP accountable as they threaten democracies and try to increase their foreign influence.

I am proudly endorsed by the California Republican Party and over 75 local elected officials because I put people before politics and get things done. I would be honored to earn your support for reelection. www.MichelleSteelCA.com

LONG K PHAM
Businessman/Nuclear Engineer

REPUBLICAN

California has the nation's highest taxes and one of the highest unemployment rates. As an engineer and small business-owner, Long knows how to effectively fight to get more federal benefits to the state.

As an engineering leader who understands the legislation process, Long's record for successfully lobbying legislation both at the State and National levels is unmatched even by some members of congress.

Facing the business downturn in the '90s, Governor Pete Wilson asked Long to help identify and repeal nearly four thousand anti-business, anti-job regulations in 1997. That move spurred tremendous California economic growth in the following next decade. In 1998, Long created "A Day @ the Capitol" prompting Sacramento to add solar into the California tax credit program, now becoming the solar tax credits in the US.

In 1999, as a newly elected vice-president of the "American Society of Mechanical Engineers," Long successfully lobbied Congress for the passage of a tax provision in 2000 to make the cost of higher education expenses a tax credit for every American over the last two decades.

Long has lived his life solving industrial and legislation issues with solutions that work. He maintained a solidly conservative voting record on fiscal and social issues on the Orange County Board of Education.

As your congressman, Pham will vote to restore the border to protect our citizens' rights and promote more oil and energy exploration to bring down gas prices and strengthen the US's energy policy.

Long Pham would be honored to have your support. For more information, please visit www.Phamforcongress.com - Long Pham

Lieutenant Commander/Businessman

DEMOCRATIC
AGE: 44

Lieutenant Commander Jay Chen is a Navy Reserve Intelligence Officer, small businessowner, and a father of two. Jay is running for Congress to help working families in Orange County get ahead. He is tired of career politicians who care more about their partisan agenda and serving special interests, instead of serving the people. Jay will tackle rising costs and invest back in our communities.

Jay Chen is the son of Taiwanese immigrants who came to America for a chance to live the American Dream. Jay learned the value of hard work by helping his parents' small business. As a small businessowner himself, Jay knows firsthand the challenges facing local businesses. In Congress, he will ensure American small businesses get the help they need to stay open and provide good paying jobs.

Every child deserves a quality education. Jay Chen went to public schools, worked hard, and earned a scholarship to attend Harvard. He served on the School Board and is a Community College Trustee helping students afford college and obtain skills training to get a good job. Local teachers support Jay Chen because they trust him to strengthen local schools.

Lieutenant Commander Jay Chen joined the Navy to serve his country. Jay has defended our freedoms, leading an intelligence team in the counterterrorism fight against ISIS in the Middle East and countering communist North Korean threats in Asia. Veterans groups back Jay because they know he will always put America first.

LOU CORREA
 United States Congressman

DEMOCRATIC

I'm honored to represent the communities where I grew up and raised my family. I graduated from Anaheim High School, Cal State Fullerton and UCLA, and live in Santa Ana.

Although much has changed over the years, our hard-working neighbors continue to pursue the American Dream. They want good paying jobs, safe streets, good schools, quality affordable healthcare, and affordable housing. We must keep the American Dream achievable for all.

Today, our nation faces unprecedented challenges domestically and overseas. January 6th showed our nation's deep divisions. Let's remember that we are Americans before party affiliation. We must be united. Russia's attack on Ukraine has the world looking once again to the USA for leadership to bring stability to an uncertain world. Let's do this.

We survived the covid-19 pandemic and avoided a recession. We must now focus on keeping the USA as the world's economic locomotive by educating our youth, investing in R&D, creating good jobs, and solving our energy challenges, like high gas prices by investing in renewable energy. By keeping you and your family as the top top priority in Washington, we will keep America strong.

I'll continue to focus on Main Street, and always think about how my votes impact your daily life. I will continue to work across party-lines to solve the problems our nation and community face to assure that we can all achieve the American Dream. Remember, I work for you.

Please vote Lou Correa for Congress www.loucorrea.com

CHRISTOPHER J. GONZALES
 Attorney at Law

REPUBLICAN
AGE: 58

Forty-one years ago, my family moved to Orange County, a home that I love and serve. Now, I seek to represent this community as your Congressional Representative.

I graduated from Irvine High, UCI, and UCLA Law School as class president. In my twenties, I proudly served as a First Lieutenant in the United States Army as a Military Police Officer. Subsequently, I established a successful law firm. In my practice, I represent individuals with a broad range of legal needs and have provided legal services for police and firefighters. I advocate for Veterans and have championed for funding of the Northwood Veterans' Memorial. As Irvine's Investment Committee Chair, I oversaw the city's financial resources. I value integrity, kindness, respect, care and support of others.

With your support, I will fight for traditional values and stand up to the forces in Congress seeking to undermine our great nation with destructive policies. We must lower everyday household costs, create energy independence for lower gas prices, promote school choice, fund the police, enhance social security, strengthen our medical care, provide opportunity for our children, support life at all stages and defend our Constitutional rights, especially religious freedom and the Second Amendment. I support a strong economy, less taxes, lower costs, independent medical decision making, no vaccination mandates, peace through strength abroad and a law-and-order society.

Together, we are the way to bring positive change to the 46th District and our great nation.

PARTY: NONE

I've worked for small businesses to Fortune 500 companies, often turning around failed or failing information systems projects in manufacturing, communications, distribution, insurance, and healthcare. My customers and coworkers have been in many places, allowing me to work with people from diverse cultures. It's been a great education in technology, conflict management, clear objectives, and bringing many people together to achieve a difficult goal. In addition, I've continued to learn the lessons of history through attending hundreds of hours of lectures.

My wife and I have been married forty years, have raised our family, and lived in this district the past fifteen years. I'm not a politician or millionaire. There has been no one running in the district that I wanted to vote for in that time. I had considered running for office before, but delayed it to see our children to adulthood first. On the way, though, I went back to school to earn an MBA at CSULB.

Going door to door, meeting people in the district, after work or on weekends, I've met a lot of people here. It doesn't seem to matter which party our neighbors identify with, they share the same feeling that things aren't going in the right direction, and their own party is making them uncomfortable.

We can get partisanship and money out of Congress, heal America, and be good neighbors to everyone.

The United States gave me the opportunity to attend multiple CA universities to earn my Bachelor and Master's degrees in electronics. Since graduating, I have had many good jobs and have succeeded. I have worked in the aerospace engineering field for 25 years and also more that 30 years in real estate including the construction business in Orange County producing multimillion dollar homes. For me, the "American Dream" has come true and been realized.

Surely you and I see the United States is facing many problems such as: steep education cost and direction, unstable jobs and wages, uncontrolled inflation, surging crime rates, while families continue to struggle, and the erosion of freedom over the years. Our representatives in government of all levels especially in Washington DC are making it worse by adding more regulations and increasing the National Debt, if we continue to this pattern, America's population will suffer as it is not sustainable.

If elected, I will dedicate myself to tackle the above issues; as an example, the budget for education must be tied to learning such as math, physics, chemistry, English. Furthermore, we need to maintain good jobs here, be energy independent, and safety for all American. Leaders must know how to take care of the people first; the law must be fair regardless of race. "Freedom" in America has reigned for 246 years, especially the First Amendment which we have the duty to protect. A strong, prosperity, and united America leads to the World of Peace.

As the child of immigrants who worked hard to provide for our family, I know the challenges that families face, not just to get by but to try to get ahead. With skyrocketing prices for food, housing, medicine, gas and just about everything else, too many people rightly feel like they are on a treadmill.

In Congress, my focus will be to change that by raising wages, stopping the price gouging that big companies are engaging in, and creating opportunity by making higher education, including vocational training, available as we do with elementary and high school. We need Medicare for All, paid family leave, and a tax system that makes the super rich pay their fair share of taxes.

We need to revamp our broken immigration system that is cruelly separating families and creating fear among so many hard-working people. We cannot give in to the fear-mongering and hate that is all too common today.

We can do these things if we take on the corporate interests who run Washington. Congress must lower the cost of prescription drugs, stop big food processors who are hurting consumers and farmers, and get corporate money out of politics. We cannot allow megacorporations to dodge their taxes by hiding profits overseas while leaving working families and small businesses footing the bill.

It has been very humbling to work with so many fantastic people in CA-46 and I would be honored to earn your vote for real change in Washington.

As a wife, mother, and small-business owner, I've seen the destruction the Leftists and RINOs have brought upon our communities. Our children are being indoctrinated with Critical Race Theory and forced to take experimental drugs to attend school. Our leadership has allowed our border to remain weak, aiding in the flow of fentanyl and opioids into our cities. Crushing regulations and taxes have pushed many small businesses to bankruptcy.

I am a survivor of the Communist takeover of Vietnam; my father served alongside the American forces. My family began their journey in America, right on the shore of Huntington Beach, where I grew up to know and love this community. I see similarities between what happened in Vietnam and what is happening here, such as the disarming of citizens and the indoctrination of our youth.

It is time we fight back and put America First! We need to elect actual conservatives to fight against the Leftist agenda and the corrupt RINOs.

As your Congresswoman, I will fight to secure our border, support small businesses, protect the unborn, defend the 2nd amendment, obtain energy independence, advocate for term limits, bring God back into our nation, and put our country first.

I've been blessed to have had the ability to live the American dream, and I am determined to pay it forward so our children have a brighter future. I am an actual conservative candidate that this country needs.

As a UC Irvine law professor and consumer protection attorney, I took on Wall Street during the financial crisis, fighting to help Californians keep their homes.

In my three years in Congress, I have worked with Republicans and Democrats to get results for Orange County families. I've been called a "watchdog," "the leadership we desperately need," and "Congress' toughest questioner," and I promise to keep setting high expectations for my leadership. Time and again, I have stood up to leaders of both parties to do what's right. I have led oversight efforts to hold government accountable and to crack down on companies that cheat consumers.

As a single mom with young kids, I know Orange County is struggling with costs of living. We deserve a strong economy and good high-paying jobs. That's why I am fighting to provide tax relief to Orange County families, leading bipartisan legislation to make child care and elder care more affordable, taking on big drug companies to lower prescription drug prices, and working to keep our communities safe.

Too many in Congress are dominated by entrenched party leaders and controlled by powerful special interests — but I refuse campaign money from lobbyists and corporate PACs. As your Representative, I always put Orange County first. I've supported bipartisan bills that will strengthen our economy, save taxpayers money, address mental health, protect our environment and coasts, and clean up corruption.

I'll fight for Orange County families 100% of the time. I would be honored to earn your vote.

I am the fighter we need in Congress. I will fight for our faith, families and freedoms. I am our endorsed Republican candidate by the Orange County Congress of Republicans, which is chartered by the CAGOP.

I am running for U.S. House because my passion in life is public service. I was raised in a small town during the Great Recession. My father worked as a forklift operator and mother as a waitress and an accountant.

My mother moved out west in 2007 to receive cancer treatment. She would pass away four years later. After this hardship, I pulled myself out from below the poverty line as I pursued the American Dream.

I will be a voice for everyone in our district as I relate to the struggles of everyday people. I will always fight on behalf of you and on behalf of what is right.

My campaign is the Start of A New Conservative Movement that we all can rally behind. I am running to be one of our Youngest Congressional leaders. I am the most constitutionally-conservative candidate in OC since Ronald Reagan.

I have earned a Bachelor's in Political Economy and Masters of Public Policy at USC. I am a humble businessowner, not a career politician.

Skyrocketing crime and homelessness, insecure borders, raging inflation. These are the direct result of extremist "progressive" policies in Washington. I'm running for Congress to help restore our economy, secure our border, protect our neighborhoods and expand our freedoms.

Congress tries to fix homelessness by spending billions of dollars on new government programs. It's not working. The first step must be to get the homeless off the streets and clean up our communities. Only then can we tackle substance abuse, mental health and other root causes of the problem.

Safer neighborhoods are a must. As Chairman of Orange County's Gang Reduction Intervention Program (GRIP) I work with law enforcement and schools to keep kids out of gangs. I support our police and sheriffs and will fight against the defund the police movement in Congress.

We must care for our veterans. Veteran suicide is one of the greatest crises of our time. As a founding board member of Angel Force USA in 2018, we help veterans dealing with suicide and mental health issues.

As a founder of a local high school, I'm committed to improving education and holding officials accountable for policies that harm our kids. There is no place for discrimination in college admissions, period.

Our new congressional district has been my home for over 30 years. I care deeply about our community and I will never give up on America or stop believing in a brighter future. I'd be honored to receive your vote. Please visit www.BaughForCongress.com to learn more.

I am a USMC combat veteran, Purple Heart recipient, small business owner, elected City of Oceanside councilmember, and father of 7.

My philosophy is simple - The American Dream is not just handed out; you have to fight for it - No Excuses. I will fight to preserve the American Dream for future generations.

First as a Marine to protect our country, and now as an elected councilmember, I have committed my life to service. I have fought to preserve local businesses, create jobs, and implement successful policies that lower taxes and reduce the homeless population.

My proven track record of fighting for our community includes being the first elected official in San Diego County to fight unconstitutional COVID-19 shutdowns of churches and businesses deemed non-essential. As a sitting board member of the San Diego's Regional Planning Agency (SANDAG), I have also actively fought against the proposed Vehicle Miles Travel Tax (VMT).

My priorities for a better America include stopping the insane spending spree driving inflation and massive price increases on gas, groceries, and electricity. We must stop the inflow of drugs and illegal immigrants at our Southern border, support our law enforcement and defend the unborn.

I oppose unconstitutional vaccine mandates and Critical Race Theory being taught in our public schools. I will fight to hold China accountable by prioritizing America First policies.

America is headed in the wrong direction. It's time for new leadership.

We must restore our economic prosperity, ease the burden of inflation on American families, empower parents and students, protect our communities from crime, and oppose failed mandates that destroyed the livelihoods of families whose businesses are gone forever.

As County Supervisor and Mayor, I put public safety first, opposed tax increases, and fixed government with common sense solutions. I implemented real solutions to address homelessness, built a best-in-class innovative behavioral health hub, ensured small businesses received millions in resources to survive coronavirus lockdowns, and invested in clean air initiatives to protect our coastline.

I am endorsed by:

Larry Elder
Sheriff Brad Gates (ret.),
Police Chief Paul Walters (ret.)
California Republican Taxpayers Association

I co-chair the Action for Spent Fuel Solutions Now Coalition with Supervisor Desmond to ensure the safe and expedient removal of spent fuel at San Onofre.

As an executive and businesswoman, I spent decades leading teams and delivering results because that was expected of me. All elected leaders should be held to the same standard.

As the first Japanese American elected Orange County Supervisor and Dana Point Mayor, I have worked tirelessly to keep our neighborhoods and communities safe, ensure economic viability for our region, and protect our environment - all to be certain we preserve and advance our excellent quality of life.

As your Congresswoman, I will fight with everything I have to strengthen America and make California a place where families and businesses can thrive once again.

Congressman Mike Levin delivers for our communities and our families.

While other members of Congress spend their time pointing fingers, Mike Levin works across partisan divides to make a difference.

Mike Levin worked to pass the Bipartisan Infrastructure Law to rebuild our collapsing roads, bridges, and ports, upgrade our electrical grid and develop a clean energy future while creating hundreds of thousands of good jobs.

Mike Levin took the lead in responding to the COVID crisis by making vaccines widely available and providing support for people and businesses.

Mike Levin voted to strengthen the Affordable Care Act and expand the Child Tax Credit.

As a leader on Veterans' Affairs, Mike Levin authored 17 bipartisan bills that have been signed into law, by both Presidents Biden and Trump, to improve housing, health care, education, and employment opportunities for veterans.

Mike Levin created a bipartisan coalition to find a permanent solution to nuclear waste contamination at San Onofre. He secured \$300 million to clean up the toxic pollution in the Tijuana River, and is leading efforts to prevent the dangerous erosion of our coastal bluffs.

Mike Levin listens. He has held over 85 town halls and over 250 neighborhood meetings.

I am Josiah O'Neil, Combat Veteran, former Special Agent, and current Sheriff's Deputy. California's 49th district sits just above the largest land border crossing in the world and is a gateway for criminal activity into the entire United States. People living here are affected by some of the most dangerous drug cartels to ever exist, terrorist threats, human trafficking, and outrageous amounts of narcotics such as fentanyl which are killing our sons and daughters at an alarming rate. Growing up in Mexico and Ecuador I learned to appreciate America and the institutions that keep us safe. We must stop the crime that is ruining our communities. Crime has not been a federal issue in congress, and it's time for that to change. International drug cartels and terrorist organizations are at the core of violence and death in our communities. I am Josiah O'Neil, a crime fighter running for office in this district. I understand how congress can have a real impact on crime. REPUBLICAN

Cybersecurity Manager/Airman

I'm Renee Taylor – a third-generation Veteran with 23+ years in Service, cybersecurity professional, and community advocate. My call to action, “SoCal Reborn” stems from my first name, which translates to reborn – meaning revived or restored. Through my experiences, I understand challenges we routinely confront: military/veterans issues, advanced aging/growing elderly, inadequate health coverage/care, limited budgets drained by soaring costs, housing insecurities, inefficient border protections, and more. As a leader who recognizes problems and achieves results, with your support, we can thrive with renewed confidence and optimism.

I've lived in Southern California for 20+ years, and precedingly earned a Bachelor's degree in International Business and a Master's in Aeronautical Science. Militarily, I enlisted as a F-16 Crew Chief, and progressed in Combat Communications, and Cyberspace Operations. Ultimately, I earned the rank of Lieutenant Colonel. My roles and accomplishments include Cyber Defense Ambassador to Ukraine through NATO Partnership for Peace, Staff Officer at the Pentagon establishing capabilities, programs and training for cyberspace operations, and serving in Operation Jump Start (Southwest Border Mission).

In my civilian career, I've specialized in cybersecurity management for private and federal organizations.

For family and community, I helped my Mom conquer breast cancer despite inadequate health coverage and care, championed my Brother - a Combat Veteran suffering devastating effects of PTSD, co-founded a non-profit dedicated to aging women affected by cancer, and actively participated in organizations such as the Orange County Veteran's Advisory Council.

Together, let's be victorious in overcoming challenges and revitalizing our communities. Vote Renee – SoCal Reborn!

Businessman/Nonprofit Executive

When your toilet breaks, you call a plumber. When you feel under the weather, you call a doctor. When your country's debt is ballooning and inflation is soaring, you call a Financial Planner and Business Executive, and send them to Washington to fix the problem.

I've spent my career helping families prioritize spending, save for a rainy day, send their kids to college, retire with dignity, and invest in their future. I worked my way through college as a dishwasher, steadily built up my financial business and was promoted to manage hundreds of employees and billions in assets.

As your Congressman, I'll use my decades of financial experience to rein in wasteful government spending, balance the nation's budget, and end the hidden tax of inflation.

Our nation's problems don't end at unhealthy finances. As a father, I'm concerned about our children's future. Crime is rising, illegal immigration is at an all-time high, government is bloated and highly inefficient, and gridlock has stalled meaningful education reforms.

It's time to stop runaway government spending and get serious about securing our borders, growing jobs and the economy, standing up for our brave law enforcement officers, and focusing on academic excellence in classrooms.

As a former mayor, I've worked with concerned neighbors, businesses, community groups, and law enforcement to make my city a wonderful, safe place to live and raise a family. I'll bring back the leadership our communities deserve and aren't getting.

I would be honored to have your vote.

DEMOCRATIC
AGE: 37

Politicians today are too scared to stand up to special interests. Not me. I'm a Marine combat veteran running a grassroots campaign for you the people of California.

As a husband and father of two boys, I know how hard Sacramento has made it to afford to live in California. I'm not okay with our kids having a worse quality of life than we do. I'm fed up with the political corruption and sexual harassment scandals in Sacramento and believe we should apply the same ethical standards to elected officials I did as a military prosecutor.

My father immigrated from Mexico and started his own business to give me a better life. He treated his workers like family and showed me how one courageous person can make all the difference. I beat a long-term incumbent in 2018 to become the youngest councilmember ever in Whittier. Our budget went from deficit to surplus. We lowered police response times. We reduced homelessness using a firm but fair approach. We invested millions in our parks and renovated the library. We increased social services funding, kept small businesses open using pandemic relief grants, and provided the resources to keep COVID infections down.

I'm not a career politician. I'm a public servant. I'll return integrity to the office and fight for affordable housing, clean air, universal healthcare, equal rights, better schools, and safe neighborhoods. If you want someone who will fight for you and your family, vote Henry Bouchot for Senate.

KELLY SEYARTO

California State Assemblymember

REPUBLICAN

AGE: 62

California's state government is broken. There are no checks and balances in our legislature.

After a decade of supermajority one-party rule, the failures are evident. Our once golden state has lost its luster. California is unaffordable, our taxes are the highest in the nation, and homeless encampments continue to plague our communities. Our education system is failing to prepare our kids for the future.

Communities are less safe than they have ever been. Our roads are some of the poorest in the country, and gas prices are skyrocketing. Our small business climate is the worst in the nation, and we have done nothing to address our water supply issues.

After spending billions upon billions of taxpayer dollars, things are not getting better.

As your State Senator, I will address these ongoing issues in a fiscally responsible manner and re-establish transparency and credibility in our government. I have been and will continue to be a voice for taxpayers.

I offer years of life experience, having served 35 years as a firefighter, 13 years in local government, and have a Master's Degree in Public Administration. My wife owns a small business. We raised our family in this region, and my kids were educated in our public schools. We are not leaving California.

I humbly ask for your vote.

RHONDA SHADER
 Mayor/Small Businesswoman

REPUBLICAN

I proudly call Orange County home: my husband and I raised our children here, and I own my small business here.

In 2016, a City employee embezzled \$5,000,000 of taxpayer money. I was outraged, so I ran for office for the first time and was elected as a Councilwoman. Since my election, I helped my city recover from that crime, became Mayor, and delivered results:

- Launched our own Fire Department, saving \$28,000,000
- Created California's first joint City-County infrastructure district, producing 5,000 high-paying jobs
- Streamlined business license processes to help new small businesses
- Provided housing for homeless veterans
- Grants, flexible City approvals, and other support during COVID

With my experience as a small businessowner, Councilwoman, and Mayor, I know how to bring together best practices from both the public and private sectors.

- California has a record budget surplus. As your Senator, I'll fight to:
- Empower and fund local governments to combat homelessness
 - Lower the gas tax and the sales tax to decrease the cost of living
 - Overturn the laws that enable smash-and-grab robberies
 - Ensure teachers, firefighters, police officers, and Sheriff's deputies have the resources they need to do their jobs
 - Fully funding our public schools while still providing charter schools
 - Deliver State funding to improve traffic on the 5, 22, 55, 57, and 91 freeways

If elected, I will be accessible, holding town hall meetings throughout our district in Anaheim, Buena Park, Fullerton, Garden Grove, La Habra, Orange, Placentia, and Santa Ana.

I respectfully ask for your vote for Rhonda Shader for Senate.

TOM UMBERG
 Senator/Small Businessperson

DEMOCRATIC

We have just been through two really tough years. To help those most impacted by the pandemic, I secured millions of dollars in grants for small businesses, passed landmark legislation to crack down on price gouging, assisted with EDD claims, and led COVID testing and vaccination efforts.

To combat homelessness and housing costs, I cut red tape and expanded supportive and transitional housing. California invested \$1.5 billion in this program. I also passed a measure that protects mobile homeowners, particularly those on fixed incomes.

As a parent, grandparent, and education advocate, I authored a measure to ensure school personnel are prepared for emergencies; secured \$12 million for Orange County's Discovery Cube; \$10 million for dual language immersion programs; and \$2 million for education programs at the Santa Ana Zoo.

As a small business owner, I worked to keep our economy strong by authoring legislation to streamline bureaucracy and bring new high-paying jobs to Orange County.

As a former federal prosecutor, crime prevention and public safety are my top priorities. I am working in Sacramento to ensure our criminal justice system is fair for all Californians.

As a retired U.S. Army Colonel -- who served three overseas tours -- I will always support veterans and their families. I authored a law to encourage private businesses to hire veterans and I work every day to bring a Veterans Cemetery to Orange County. Most importantly, I would be honored to continue to serve you and build a stronger future for our community.

KIM CARR **DEMOCRATIC**
Councilmember, City of Huntington Beach **AGE: 51**

I am Huntington Beach Councilmember and former Mayor Kim Carr. We need a strong leader in Sacramento who will create common-sense solutions to solve our problems. For too long, we've seen politicians hop from one seat to the next and fail to address our issues.

As Mayor, I met our challenges by implementing innovative programs that benefited the entire community. We addressed the ongoing mental-health crisis by launching Mobile Crisis Response Teams to properly respond to non-emergency, non-violent public safety calls and opened a 174-bed homeless navigation center to provide new opportunities for our unhoused population. When an oil spill threatened our coastline, decisive actions prevented thousands of gallons of oil from destroying our wetlands and killing our wildlife.

I am a third-generation Californian who has called this district home for nearly my entire life. I graduated from Pacifica High School in Garden Grove and CSU Fullerton, and for the past 25 years my husband and I have raised our two children in Huntington Beach.

I have an open door policy, an open mind, and if I give you my word, it's a promise. Join Congresswoman Katie Porter, Senators Dave Min and Tom Umberg, and nearly 100 elected officials to support Kim Carr for State Senate.

JANET NGUYEN **REPUBLICAN**
California Assemblymember/Businesswoman **AGE: 46**

It is an honor to serve Orange County, a great place to live and raise a family. Yet California is in trouble. Crime, homelessness, the high cost of living and jobs being lost to other states are all the result of a state government out of touch with the real needs of its citizens.

As your representative, I stand with law enforcement against reckless politicians trying to defund the police. I am proud to be law enforcement's choice for the Senate and to be endorsed by firefighters, sheriffs and police – over 75,000 public safety officers.

To combat homelessness, we need accountability, not more wasteful spending. We must immediately clean up the camps and get the homeless off the streets and out of our neighborhoods.

The Howard Jarvis taxpayers Association pac endorses me because I fight to stop tax increases. I'm working to roll back the gas tax to give commuters and working families relief.

California's manufacturers and technology companies named me "Champion of Manufacturing" for my work to protect jobs and build the economy. I received top ratings from California's small business organizations.

My experience includes: Orange County Senator; Orange County Supervisor; Foundation Board Member; small-business owner; Chamber of Commerce Vice-President; graduate of U.C. Irvine.

My husband Tom and I are raising two sons. We want them to have a future right here and not be forced to leave California to pursue their dreams. I'd be honored to receive your vote. Please visit Janet2022.com to learn more. Thank you.

JOE KERR

DEMOCRATIC

Retired Fire Captain

The 3 greatest crises affecting California right now are the pandemic, wildfires as they relate to climate change, and prolonged drought. I have extensive experience dealing with all 3 of these emergencies.

Last year, I came out of retirement as an experienced fire officer, knowledgeable in incident command and control, so I can help out at the Santa Ana College vaccination super pod. I helped the most vulnerable and underserved of our communities to get vaccinated at the height of this global pandemic. We worked 5 to 6 day weeks to vaccinate over 120,000 Californian's. I am intimately aware of the complexities of organizing 170 workers from a variety of healthcare backgrounds and professions in compliance with state, federal and local laws and in concert with 5 OC pods in order to make this dream a reality. I am extremely proud of the lives saved by this group of amazing workers.

As a former OC Fire Captain and Orange County Wildland Fire Defense Planner and Vegetation Management Planner responsible for 173K acres of California state land, I am intimately aware of our state's wildland urban interface fire problem. I conducted prescription burns, performed fuel reduction programs, as well as designed and approved fuel modification plans for tens of thousands of homes and businesses on the wildland-urban interface under very strict model wildfire prevention codes. To date, none of these homes have been lost to wildfire.

Let's send a champion to Sacramento! Vote Joe Kerr!

PHILLIP CHEN

REPUBLICAN

Assemblyman/Business Owner

I'm leading efforts to fight crime, stopping rising inflation, keeping taxes down, holding government accountable, and lowering the costs of healthcare.

As a former Reserve Deputy Sheriff, I believe the top priority of government is to keep its residents safe. Violent crime is on the rise in California due to AB 109, Prop. 47 and Prop. 57 which lowered many crimes to misdemeanors and allowed for the early release of felons.

I am working on reversing these disastrous policies by supporting legislation to hold criminals accountable and ensure our law enforcement personnel have the resources to keep our communities safe.

That is why the Association of Orange County Deputy Sheriffs and Orange County Professional Firefighters has endorsed me.

Rising inflation is hurting all Californians, which is why I am working to reduce the cost of energy and gas, expand our supply and transportation at our ports, and support politics to create more jobs, better opportunities, and a stronger economy.

The Howard Jarvis Taxpayers Association supports me because I protected Proposition 13 and opposed schemes to raise taxes.

To protect our tax dollars, I have demanded an audit of the EDD, which was slow to respond to the massive unemployment fraud since the beginning of the pandemic.

Health care costs too much. That's why I backed the most comprehensive drug price transparency bill in the U.S. history to make prescription drugs more affordable.

Please visit www.phillipchen.org to learn more about how I'm working to reduce the cost of living and build a better tomorrow in California.

ROBERTO "ROB" CANCIO
Doctor/Educator/Businessman

DEMOCRATIC

I'm running to serve working people and their families hurt by high gas prices, inflation, healthcare costs, and the need for better-paying jobs. I am moderate and tough-minded on fiscal accountability, which comes from my business experience and includes conducting detailed analysis in the housing industry, experience I will use to create more housing people can afford.

I am a combat veteran of Iraq, where I was awarded the Navy and Marine Corps Achievement Medal, Iraqi Campaign Medal, and Global War on Terrorism Service Medal.

Access to high-quality education is my passion. I'm a lifelong local resident and product of local schools, from K-12, then U.C. Berkeley and the University of Miami where I earned my PhD. I'm a college professor and have served on the faculties of two respected universities.

I also now serve on the Norwalk-La Mirada School Board where I have championed new and innovative student achievement programming and resources, mental health services, fiscal accountability, and school-to-career programs.

As your assemblymember, I will be the candidate of economic progress, public safety (my brother and sister are peace officers), housing people can afford, and solutions to homelessness. I am prepared to take our community and California in a bold new direction: Forward! Like I did in combat in Iraq. I'll lead from the front.

That's why I'm endorsed by local elected leaders, local service club members, clergy, and grassroots leaders, not political insiders. I would be honored to have your vote. For more information visit votecancio.com

ROSE ESPINOZA
Executive Director/Councilwoman

DEMOCRATIC

I've served as councilwoman of the City of La Habra for 21 years. I was elected in 2000, won reelection in 2004, 2008, 2012, 2016, 2020, and honored to serve as Mayor in 2004, 2008, 2012, 2017, and 2021.

I'm an ordinary citizen who chose to make a difference as founder of Rosie's Garage and my role as city councilwoman. My volunteer efforts to help at-risk low income children, has garnered national citations and awards including the "Points of Light" Foundation's United States Presidential Volunteer Award. I've also received the prestigious National Caring Award which has also been awarded to several world-renowned individuals who promote and demonstrate acts of caring and humanitarian service. They include Mother Teresa, Father Gregory Boyle of Homeboy Industries, UCLA basketball coach John Wooden, and baseball Hall-of-Famer Cal Ripken, Jr.

As an experienced city councilwoman, I've managed taxpayer funds in an efficient manner. A prime example of that efficiency was our contracting with the Los Angeles County Fire Department in 2005 to serve La Habra, La Mirada and Whittier.

All citizens want assurance that their needs and expectations are being met by those whom they elect to serve them. These include safer neighborhoods, affordable housing, medical coverage, robust economy, quality education, all of which would enhance the quality of people's lives in the 64th District.

I would be honored to advocate for the issues and causes most important to you. I respectfully ask for your vote to begin addressing the pressing issues facing our district.

BLANCA PACHECO
Mayor of Downey

DEMOCRATIC

The daughter of a nurse and school bus driver, Blanca Pacheco grew up in our community, and now serves as Mayor of Downey. Raised in a working-class family and as a lifetime Democrat, Blanca has worked hard for her community as a local attorney and businesswoman.

As Mayor, Blanca Pacheco has put people and local neighborhoods first. That's why amid the COVID-19 pandemic, she spearheaded a moratorium on evictions for both commercial as well as residential tenants to help working people stay in their homes and to assist local small businesses, preventing countless stores from closing.

As Mayor, Blanca has made her community her priority. She has always looked out for workers and small businesses, and that's why as Mayor she has helped reduce Downey's unemployment rate from 18% to just 6%.

Mayor Blanca Pacheco is endorsed by:
Congresswoman Lucille Roybal-Allard
Congresswoman Grace Napolitano
State Senator Bob Archuleta
LA County Supervisor Janice Hahn
Essential Workers

As former educator, Blanca will work to improve neighborhood schools, and give teachers the support and resources they need.

Blanca knows that rising crime is one of the biggest problems facing our state. She has therefore worked with local non-profits and her police department, and today Downey has nearly a 40% lower violent crime rate than the average California city.

As Assemblywoman, Blanca will work to make housing more affordable, keep our streets safe and be an advocate for you. On June 7th, vote Blanca Pacheco for State Assembly.

SOO YOO
School Board President

REPUBLICAN

Have you had enough?

We need to get our beloved state back on the right track for our children and grandchildren. California's experiment in single party rule has failed Californians. Record breaking gas prices, expensive consumer goods, and unaffordable housing costs has put the American dream out of reach for many in California. Sacramento's tax and spend culture only drives more residents and businesses out of our state.

Sacramento politicians have created an environment where criminals can wreak havoc in our communities because they know the consequences will never catch up to them. Instead of defunding the police, we need to give our law enforcement partners the tools they need to keep our streets and neighborhoods safe for our families and loved ones.

As President of the ABC Unified School Board, I have seen that California has failed our next generation. Our education system is ranked 41st in the country. The achievement gap was only widened by prolonged school closures put in place by out of touch state politicians. We have an opportunity to reset our education system by empowering parents to have choices of what is best for their families.

I like to see a California where everyone can thrive, not just the elites. I want a California where my children and grandchildren can feel safe and afford to live. Unfortunately, our current leadership continues to fail us. It's time for leaders who care about family values and our children's future.

Vote for me, Soo Yoo for State Assembly

PARAM BRAR

DEMOCRATIC
AGE: 23

My name is Param Brar and I am running for California State Assembly from District 67. The bottom line is that the entire state assembly is bought by big business. We are all tired of politicians running on populist ideas, but always voting in favor of corporations and lobbyists. That's why we're running an anti-establishment, anti-corruption, people funded campaign. I want to represent working class families and focus on real issues that affect us all including healthcare, homelessness, housing, education, and the economy.

I was born in Fullerton, CA in 1998, the only child of two working class immigrants from India. At the age of 20, I graduated from California State University of Fullerton with my bachelor's in business administration. I started working at The Boeing Company in supply chain management, managing repair contracts for the defense industry. I worked at Boeing for 3 years and simultaneously completed my MBA in 2021. I also operated a small logistics business prior to making the decision to transition into public service.

I have no hidden agenda to run for office, my purpose is to represent working class families like my own, and to ensure a greater quality of life for all including children, adults, senior citizens, and veterans. It's time to get money out of politics and create the framework for the next generation of leaders to become public servants and represent their communities. KIMBERLY HO **REPUBLICAN**
 Westminster Councilwoman/Entrepreneur

Californians can choose a different path than the one we are currently on. Today, we face burdensome taxes, wasteful government spending, the decay of parental rights in education, rising violent crime, government policy that cripples our local economies, mandates from Sacramento that worsen the conditions of our neighborhoods, and the deterioration of our personal freedoms.

We have been duped by career politicians more intent on appeasing special interests than the people's interests. This election is a choice between more of the same, or a path to safety, prosperity, and opportunity. We can rid Sacramento of unethical behavior, corruption, and back-room deals, and instead choose to have accountability, transparency, economic opportunity, and the restoration of freedom. I am proud to be a candidate who represents better days for Californians.

My story is a true American success story. When I was just 11 years old, my family immigrated to the United States. When we arrived, I learned the value of hard work and education. Through my life experience and education, I launched a revolutionary skin restoration company. And in 2016, history was made as I was elected the first Vietnamese American Westminster Councilwoman.

As Councilmember, I have a proven track record of fighting for government transparency, fiscal responsibility, fully funded law enforcement, economic opportunity, and limited but purposeful government. I have worked to expose corruption, unethical behavior, and back-room deals. I pledge to fight with the same tenacity in Sacramento as I do in Westminster.

TED BUI **REPUBLICAN**
 City Councilman/Businessman

I will be forever thankful that my family escaped communism and came to America in search of freedom. As a father, business owner for over 20 years and a City Councilman, I am running for the State Assembly to protect our freedoms and combat the important issues of Crime, Homelessness and Inflation.

I'm a pro-business, pro-taxpayer conservative who led local efforts to end COVID mandates that harm school children and shut small businesses.

Defunding the police will only increase crime and civil unrest in turn weakened our laws. I'm endorsed by local Police because I stand with law enforcement. In the Assembly, I will fight to hold criminals accountable and increase public safety for our Californians.

Homelessness is a serious problem. We need to get the homeless out of neighborhoods and off the streets. Addiction treatment and job training must be a priority.

Inflation is skyrocketing. I'm President of our local Rotary Club and active in the Chamber of Commerce. I've worked hard to bring businesses and good-paying jobs to our district. I oppose tax increases, needless regulations and wasteful spending that feeds inflation.

I'm proud to be endorsed by Orange County leaders: former Senator John Moorlach, Senator Pat Bates, Assemblymembers Laurie Davies, and Phillip Chen; Fountain Valley Mayor Patrick Harper and former Mayor Larry Crandall, Garden Grove Councilman George Brietigam; Stanton Mayor David Shawver, Westminster Councilman Tai Do; FVSD Trustees Jim Cunneen and Ian Collins.

My American Dream started when my family immigrated from Saigon in search of freedom. Working hard, I was the first in my family to graduate from college in America. I was an employment counselor helping people to find good-paying jobs. I'm running for Assembly so everyone has the opportunity to live a middle class life.

I want to give back to the country that gave me so much. In 2012 I became the first Vietnamese-American elected mayor. As Mayor of Westminster, I focused on the basics: increasing police protection and filling potholes. I led the fight to stop 'Sanctuary Cities' that protect illegal immigrant law-breakers.

I support the biggest middle tax and small businesses tax cut in California history and have signed the "No New Taxes Pledge."

I oppose the "Defund the Police," and state laws which reduced punishment for violent crimes and let felons out of jail early. We cannot allow riots.

I support parental rights. Parents should decide if their children wear masks, what school they attend, and should have a voice in what they learn.

I oppose illegal immigration. We need to secure the border and stop the flow of drugs, guns, and people.

I support mandating drug addiction and mental health treatment for homeless, and cleaning up dangerous and filthy homeless camps.

I oppose Critical Race Theory, Socialism, and Communism.

America gave me everything. Give me a chance to show my gratitude by letting me work hard to make our state a better place for everyone.

MATT RAHN

REPUBLICAN

Mayor/Educator/Businessman

I am a Constitutional Conservative. My campaign is endorsed by Assembly and Senate Republican leaders, past and present, Congressman Darrell Issa and Ken Calvert, law enforcement, prosecutors, firefighters, and neighbors.

Public Safety First

After spending two decades teaching law, fire science, public health, and biology, I worked to improve community fire protection, firefighting, and safety on the frontline of the most devastating fires in California's history.

In partnership with the Sheriff and District Attorney, I increased funding for law enforcement and created new programs to fight crime. I strongly oppose 'Defunding the Police' and 'Sanctuary Cities,' and will fight to secure our border.

Successful Mayor

I support middle-class and small business tax cuts, and have worked to attract and retain businesses and good paying jobs. I significantly reduced homelessness and encampments by getting people the help they need, prioritizing public health, and enforcing the law. I helped secure \$110 million in funding to improve freeways and reduce traffic.

Responsible Schools

I helped bring a new state-of-the art college to Temecula. I'm an advocate for a parent's choice in their child's education. I believe in a curriculum that includes the Constitution and American History. My experience is enhanced by a Ph.D. from UC Davis and a law degree from the University of San Diego.

I was raised by a single mother and watched her fight to earn a nursing degree and lift our family out of poverty. I believe the job of government is to assist those who are determined to make our communities stronger, safer, and healthier places to live.

KATE SANCHEZ

REPUBLICAN

Businesswoman/Taxpayer Advocate

I was born and raised in California. I am a citizen just like you who is tired of our gutless state legislators representing special interests instead of the people they were elected to represent. I want to fight for my family and yours! California parents like myself, businessowners, employees, homeowners, and renters deserve better.

California is broken. Our once beautiful communities are filled with homelessness and criminals who have been given get-out-of-jail-free cards. Sacramento policies have caused food, housing and gas prices to explode and are the reasons businesses and people — your friends, neighbors and families — are forced to leave our great state. Unfortunately, Sacramento's solution is to triple-down on these failed policies, and that's why I'm running.

Since college, I've worked with grassroots organizations and lawmakers who oppose costly tax hikes and burdensome rules and regulations. Most recently, I fought to repeal the gas tax hikes and oppose a statewide mileage tax.

I will continue the fight against state government overreach, like the governor's misuse of the Emergency Use Act that damaged our schools, businesses, and economy. I will advocate for small businesses and job growth and work to kill burdensome regulations that hurt our families. I understand the tough political arena in Sacramento, and am ready to fight for you on day one.

As your Assemblywoman, I will not waiver in protecting our God-given rights to life, liberty, property, and pursuit of happiness- I would be honored to have your vote and support!

DIANE DIXON
 City Council Member

REPUBLICAN

Surging crime and homelessness, sky-rocketing inflation, obtrusive government mandates, social engineering in our public schools – it’s no wonder we are seeing a mass exodus of people and businesses out of our once-great state.

These problems are all the result of an extreme and dysfunctional state government. If we’re going to turn this state around, we desperately need fresh leadership in Sacramento that can put the arrogant self-serving “progressive” politicians in check.

I spent 40 years in the private sector as a business executive before being elected to my City Council. I have worked hard to protect taxpayers, deliver balanced city budgets and improve public safety.

As your next State Assemblymember, I will take that private and public service experience to Sacramento and fight the dangerous policies coming out of the liberal supermajority at the Capitol.

I am not afraid to make the tough decisions it will take to get the homeless off our streets. I will stand up to the “defund the police” crowd who attack our law enforcement professionals while they open the prison doors and let dangerous criminals roam free.

I will protect Prop. 13 and work to stop tax increases. I will fight against Gavin Newsom’s plan to send taxpayer-financed checks and benefits to non-citizens.

Former Governor Pete Wilson, the Orange County Republican Party and California Republican Party officially endorse me. They know I will be the fighter we need in the Assembly. I would be honored to receive your vote. Please visit my website, DianeDixonForAssembly.com.

BENJAMIN YU

REPUBLICAN
AGE: 39

I’m a husband, father, Army veteran, businessman and community activist.

Immigrating to NYC as teenager with a few dollars, I worked various jobs to support my family. While attending college and working for a Wall Street firm both full-time, I joined the Army in the aftermath of 9/11. From New England, to America heartland, to Pacific Northwest, I came across continental United States while serving my country and raising a family. Eventually, we moved to OC for its excellent education, safe neighborhood and beautiful coast and weather.

Today, I chair our city commission and serve on boards of several organizations. My family and businesses have regularly contributed to local communities, law enforcement, nonprofits for veteran, elderly, disabled and disadvantaged family, especially during recent challenging time.

Growing up in humbled neighborhood, and always challenging and elevating myself, I’m living my American Dream with hardwork and opportunities. However, retirees and working families like us have faced increasing crimes, skyrocketing inflation, unaffordable housing and heavy tax burdens. The elites and their failed policies in Sacramento have exacerbated homeless crisis, labor shortage for small businesses, and deteriorating public education. Now, it’s pivotal to choose an independent representation with fresh perspective, energy and diverse experiences to fight for everyday people.

With your trust and support, I will be your tireless advocate for public safety, fair taxation, school choice, attainable homeownership, and transparent and fiscally responsible government. Together, we can ensure Californian and American Dreams are within the reach for future generations..

LAURIE DAVIES

REPUBLICAN

Assemblywoman/Business Owner

We need dedicated, experienced, proven leaders to represent us in Sacramento -- especially when our residents and local communities are facing unprecedented economic and social challenges.

As your State Assemblywoman, I've been working in a bipartisan manner to successfully enact common sense solutions to the many challenges facing our state.

As your Assemblywoman, I have and will continue to support policies that:

- lower taxes; preserve Proposition 13;
- eliminate burdensome regulations; cut wasteful government spending;
- promote safe neighborhoods and parks; resolve the homelessness crisis;
- and stop the early release of convicted felons.

During my current term, I authored six new laws that were passed unanimously - and then signed by the Governor! In my next term, my priorities will include:

- Funding fully our police, fire and first responders, and ensuring they receive all necessary training;
- Increasing access to mental health and drug addiction treatment;
- Increasing access to permanent housing for the homeless;
- Replenishing sand on our beaches; keeping our natural spaces, parks and waters beautiful;
- And protecting parental rights and making sure all students have great schools -- a ZIP code shouldn't decide a child's future.

I am well qualified to serve, receiving my undergraduate degree from CSULB. I've successfully owned and operated my own business in California for 20 years -- and have previously served as a Councilmember and Mayor.

My husband and I celebrate our 28th Anniversary this year -- and for 33 years, I've been proud to call Southern California home.

I respectfully ask for your vote and continued support.

As an Orange County resident for 42 years, keeping Orange County families safe has always been my top priority.

As a Senior Deputy District Attorney, I've worked hard for 22 years in Orange County protecting the public by prosecuting dangerous criminals, defending victim's rights and ensuring accountability. My experience fighting crime includes prosecuting gangsters, sex offenders, arsonists, thieves, drug dealers and other violent criminals. At parole hearings, I ensure convicted murderers, rapists and gangsters are held accountable.

This experience provides me a great understanding of the issues and challenges Orange County residents face. My public service work focused on making our community safer by supporting youth programs, anti-gang policies, strong law enforcement and the creation of child safety zones against sexual predators. At our colleges, essential safety measures were also put in place.

It has been an honor and privilege to serve you. As a Superior Court Judge, my commitment to our safety will continue, ensuring justice, fairness, integrity and accountability.

I'm proud to be endorsed by Orange County Sheriff Don Barnes and the Orange County Deputy District Attorneys, Orange County Sheriffs and Orange County Firefighters Associations, along with the Orange County Labor Federation and numerous judges, police officers, bi-partisan elected officials, educators, community leaders and business owners.

I respectfully ask for your vote.

Beholden only to the people of Orange County, fairness, equality, and justice are the foundation of my candidacy without consideration of political party, group nor party affiliation or organization. 40 years of private legal practice in the county have equipped me with the patience, courage, compassion, and understanding necessary to serve its people in this capacity.

I am a highly qualified candidate running for this office.

Superior Court Commissioner, County of Orange

Sitting on the Bench as a Superior Court Commissioner, I work in the criminal division and preside over cases from the first court appearances through trials, handling both felonies and misdemeanors.

My 30 plus years of experience as a current judicial officer, as a prosecutor and as a Reserve Deputy Sheriff make me uniquely qualified to be a tough but fair Superior Court Judge.

At the Tulare County District Attorney's Office and the Orange County District Attorney's Office I tried the most serious cases, including sexual assaults, homicide and gang crimes. Later, I ran my own private law practice and served as a Judge Pro Tem.

My wife and I have two daughters. We are homeowners and are active volunteers in our community, church and 4-H.

I am proud to be endorsed by dozens of my colleagues, the judges I work with every day, as well as law enforcement professionals and organizations. Please visit JoeDaneForJudge.com for a complete list.

STEFAN BEAN

School Superintendent/Parent

As a disabled orphan airlifted out of Vietnam during the war and brought to America, I've seen firsthand how quality education can shape a child's life.

When I arrived I learned English, excelled in high school, and earned scholarships to USC. I then became a teacher, met my late wife and began raising my four children.

I was promoted to principal and spent the last seven years in district leadership - four years as a Superintendent, serving thousands of students throughout Southern California. I hope to be a champion for families by putting students first – not special interest groups, lobbying or politics.

Here is my educational philosophy:

Students are the priority

Parents understand the needs of their students best

The superintendent should always keep dollars in the classroom

The superintendent should not waste money on political lawsuits

Education in Orange County should start with empowering and engaging parents, students and teachers across the county.

AL MIJARES

Orange County Superintendent of Schools

It has been my honor and privilege to serve as your Orange County Superintendent of Schools since 2012. My role as County Superintendent is a nonpartisan one that requires skill, civility, and consensus-building. Several years ago, I introduced #Kindness1Billion to unite students, parents, and stakeholders in the county around our mission and vision to lead the nation in College and Career Readiness and Success. Our graduation rate is 91%, and our UC/CSU eligibility rates are among the highest in the large counties. These results were attained even during the pandemic. Moreover, Orange County was the first large county in California to open our doors for in-person instruction.

As County Superintendent, I serve our foster and homeless youth, dropouts, juvenile justice wards, children with physical-mental-social-behavioral needs, and kids suffering academic losses. My department and I work with Sheriff Don Barnes on school safety and substance abuse issues. Throughout my career as a superintendent, I have established options for parents, including fundamental magnet schools, dual-enrollment and career tech programs such as OC Pathways, plus I led in opening seven charter schools in Orange County.

MARTHA FLUOR

Retired School Boardmember

Our kids, parents, communities deserve better!

School boards should be committed to ensuring students receive an excellent education in safe, well-equipped schools with highly qualified teachers and staff, instead of squandering millions of dollars on lawsuits against the State and the OC Superintendent of Schools.

School boards should support students. Students are struggling academically. The learning loss at all grade levels is significant. Many have mental, social, and behavioral health issues. Instead of lining the pockets of high-priced lawyers, precious resources should be directed to these students.

We must stop this wasteful spending of your tax dollars.

As your elected OC School Board Member I pledge to:

Effectively and efficiently manage taxpayer dollars and maintain fiscal oversight.

Direct resources to students, local districts, and schools.

Support your local School District's decisions.

Approve fiscally sound, educationally appropriate, well-managed charter schools.

Govern with civility, integrity, transparency, and tolerance.

As a retired NMUSD School Board Trustee and former President of the California School Boards Association, my 29-year record put kids and parents first! Tax dollars were spent in classrooms, providing high-quality education, offering college/career opportunities, visual/performing arts courses, and increased mental health resources.

Please vote for Martha Fluor - it's a vote for our kids and families, our schools, our communities!

MARI BARKE

Orange County Board of Education, Trustee Area 2

I am running for re-election to continue my advocacy for students and parental rights. I believe the focus must remain on students and their families, not special interests. Parents should be making educational choices for their children, not the government.

As a community member and parent of students who have graduated from Orange County schools, I understand that all children deserve a high quality education. My husband and I grew up in our local community and continue to give back by helping to make our public education system better.

In the last four years, my background in education and finance has helped me manage educational and budgetary issues. During the last four years I have:

Focused on students, not politics.

Led the efforts to approve viable charter schools.

Listened to parental concerns regarding their students' education.

Voted to approve every parent requested interdistrict transfer.

Fought to keep our tax dollars in local schools, not in Sacramento.

Cut waste and held the department accountable for its actions.

Every child has a unique educational pathway that works best for them. Education should start with giving parents the choice of where to send their children. Options include community public schools, public charter schools, private schools, and homeschooling. Under my leadership, we moved our board meetings from 10:00 AM to 5:00 PM and added live broadcasts to provide transparency and access for working parents and community members. We always welcome community input. I have never missed a meeting during my four year term.

TIM SHAW

Appointed Member, Orange County Board of Education,
Trustee Area 4

Our students and parents need someone who will make them a priority. Through my time as a Trustee with the Orange County Board of Education, a college professor, and a La Habra City Councilmember, I have strengthened my ability to make government agencies more effective, efficient and constituent focused.

Education is the most important focus for myself and my wife Shannon. We are raising our six sons in Orange County where they attend public school. I want the next generation to have even more opportunities than I had.

These are my guiding educational principles:

- Our board should be focused on students, not politics.
- Parents should be empowered with choices in their children's education.
- Teachers should never struggle to receive everyday classroom resources.
- Career and college readiness must be a standard met by every child.
- Our school districts must be transparent and accountable to parents, not special interests.

I attended local schools in the Lowell Joint School District, became an Eagle Scout, and went on to attend La Habra High School. As a young adult, I served a 2 year Spanish speaking mission for my church, earned my bachelor's degree from Southern Illinois University, and my master's degree from George Washington University.

Shortly after I received my masters degree I discovered my passion for teaching and began teaching American Government at Rio Hondo College. This year will be my 18th year serving my students!

In 2008 I was elected by the voters of La Habra to serve on the City Council, and I was Mayor in both 2012 and 2018. I wanted to do more for my community, so I chose to be involved regionally by serving on the boards of the Orange County Sanitation District and the Orange County Transportation Authority.

I believe the priorities I outlined above are achievable with the right leadership in our community. It would be my honor to have your vote for the Orange County Board of Education.

Some of my endorsements include:

- Orange County Board of Education President Mari Barke
- Orange County Board of Education Vice President Dr. Ken Williams

PAULETTE CHAFFEE

Teacher/Nonprofit Boardmember

Dear Neighbor,

As we begin to emerge from this horrific pandemic, we need leaders who can bring communities together and give our kids hope and faith in their futures. I'm Paulette Chaffee, and I'm running for Orange County Board of Education because I'm tired of divisive, angry politicians who are poor role models for our 600,000 students and who spent \$3,000,000+ of taxpayers' money on frivolous lawsuits instead of on resources for struggling schools and families.

I'm committed to making education work for our communities, not for politicians. As a public school mom and educator, advocating constantly for students and parents, I'll bring the leadership needed to build partnerships with nonprofits, local businesses, and higher-education institutions to create pathways to meaningful and high-paying jobs for our students.

I understand that children and families have endured deep trauma from this pandemic. Some children have struggled with emotions and readjusting to social routines. We need to help them regain normalcy. With input from parents, we must prioritize students' mental well-being, so they can grow into successful adults.

I'm dedicated to listening to students and parents to make our OC public school system excellent. I would be honored to have your vote.

Sincerely,

Paulette Chaffee

LISA SPARKS

Orange County Board of Education, Trustee Area 5

As your OCBE trustee, I have been fighting for parental rights for the past four years and will continue to be sure families are informed about curricular and health decisions affecting students and their learning outcomes.

I am a mother of 3 children educated at every level in the Orange County public schools, a nationally known scholar-teacher, and the founding dean tasked with building Chapman University's School of Communication.

In addition, to serving as your trustee, I have served in the following roles:

- Dean, School of Communication, Chapman University;
- Post Doctoral Certifications in Management in Leadership Education, Harvard University;
- Chair and Director of Graduate Studies, Chapman University;
- Director of General Education and Graduate Studies, George Mason University;
- TED Speaker

Educating children to critically think, write, read, and analyze is our duty and I am committed 100% to finding and implementing solutions that work for our children and their parents. I hear loud and clear that parents and children are stressed and frustrated with their K-12 experiences in our public schools, which must be addressed systematically.

I am a strong proponent for our public education system including local community and public charter schools by ensuring that the government functions efficiently with proper and responsible fiscal decision-making. I am in favor of putting money directly into our classrooms and oppose government directives that impede learning outcomes.

My experience running a comprehensive School/College at Chapman University helped me understand how to manage and guide the department of education when I was first elected by the voters.

During my time as your Orange County Board of Education Trustee, I have:

- Fought to reopen schools safely and responsibly.
- Ensured our schools receive adequate funding for students.
- Championed parents fighting through the educational bureaucracy and special interests.
- Cut excess lobbying and political funds from our department.
- Protected parents' rights and educational choices, including expanding the number of charter schools.

Please join the following supporters in voting for me for Orange County Board of Education:

- Orange County Lincoln Club

SHERINE SMITH

Retired School Superintendent

As a former teacher, principal, and school superintendent, I know our communities want strong public schools. Our students deserve excellent public schools. That is why I have always fought for a world-class education for every child. I will cut waste and keep tax dollars in our classrooms. I will stand up to the career politicians who have squandered millions of taxpayer dollars on frivolous lawsuits.

Teachers and parents know reading, writing, mathematics, critical thinking, and creativity are the crucial skills students need for success. I will redirect tax dollars wasted on lawsuits to programs, training, and small class sizes so teachers can reach every student.

Teachers and parents know students need real-world skills they can use in college, careers, and the military. I will focus on expanding career technical training for high school students.

Education doesn't stop when the last bell rings. I will push for more after-school and enrichment programs for our kids.

Nothing matters more than the safety of our children. I will act to make schools safer, including proper ventilation, additional campus supervision, regular safety drills, and collaborative planning with local fire and law officials.

Vote Sherine Smith - let's put students and parents first!

VICENTE SARMIENTO

Santa Ana Mayor/Businessowner

Mayor Vicente Sarmiento has the values, experience, and vision to be our next Orange County Supervisor. He will work to improve the quality of life for all residents. Vicente was raised in central Orange County, attended local public schools, and returned to his hometown, Santa Ana, to start a business and raise his family after college. As a father, Mayor Sarmiento believes everyone deserves to feel safe in their neighborhoods.

Mayor Sarmiento has implemented strategies that keep our schools, parks, and sidewalks safe, while getting people experiencing homelessness the mental health services they need.

As a Councilmember, Vicente led Orange County's second biggest city through the great recession, while protecting homeowners and local businesses. As Mayor, he balanced the city's budget, increased the fiscal reserve, and created a one-time surplus of approximately \$42 million. Most importantly, Santa Ana now has some of the lowest rates of Covid-19 positivity in the entire County, after having been the most impacted.

As Supervisor, Vicente will make affordable housing and the rising cost of living a priority. At a time when many are struggling to pay their bills, Mayor Sarmiento led the COVID economic recovery, helping small businesses and renters get the support they needed, and secured hazard/hero pay for our essential frontline workers.

Vicente will always stand with working families because people deserve a paycheck they can raise a family on, and a safe workplace. As Mayor, Vicente also created a universal legal defense fund to help families stay together.

As Supervisor, Vicente will usher in a fresh start for Orange County by delivering on the issues most important to residents, including:

- Tackling Homelessness
- Protecting Our Neighborhoods
- Increasing Affordable Housing
- Improving Public Health Care
- Expanding Our Parks & Green Space
- Increasing Government Transparency and Accountability

Mayor Sarmiento earned a BA in Economics from UC Berkeley, and his law degree from UCLA. He proudly returned home to Santa Ana with his wife Eva to raise their three kids & dog "Magic", start his own Santa Ana-based law practice, and enter public service to improve his hometown.

Please join the Orange County Labor Federation, United States Senator Alex Padilla, and elected officials, organizations, and residents in supporting Mayor Sarmiento's campaign for a brighter and more prosperous future for all in Orange County.

KIM BERNICE NGUYEN

Garden Grove City Councilwoman

I am not afraid to challenge the status quo, embrace innovation, and make waves. At the age of 25, I became the first Latina elected to the Garden Grove City Council. A voice for all residents, I championed economic development, overdue infrastructure projects, and park expansion and rehabilitation. I made public safety a top priority, implementing an effective community policing plan. As the daughter of a Mexican mother and a Vietnamese father, I will always fight to ensure immigrants have a safe place in our community.

I am running for the Orange County Board of Supervisors to tackle the tough issues facing our neighborhoods. I will also bring a much-needed public health background to the county. We need to address the housing and homelessness crisis, increase public safety resources, expand COVID-19 relief, and team up with local government, health, and community leaders to comprehensively and compassionately address the substance abuse epidemic and mental health crisis facing Orange County.

Orange County needs a bold new leader with fresh ideas, not another career politician. I humbly ask for your vote so that I may be the voice Central Orange County deserves.

Vote Kim Nguyen. A Supervisor for all of us.

JUAN VILLEGAS

Sheriff Officer

I've committed my life to public service and being an advocate on challenging issues. I'm a United States Army Veteran, a 32-year member of the Orange County Sheriff's Department and most importantly a parent.

It was an honor serving the residents of Santa Ana, the largest city of the 2nd District as their Councilmember and Mayor Pro Tem for four years. With this gained experience and knowledge, I'm ready to serve as your 2nd District Supervisor.

During my tenure, I delivered additional public safety dollars for community policing, infrastructure repairs, established a Family Justice Center for victims of domestic violence, child and elder abuse.

I worked on Homeless Shelters and affordable workforce housing for veterans and families and established a small business task force to assist local businesses affected by Covid-19.

As a son of an immigrant family, I understand the importance of a secure job, having opportunities for our children to succeed in a safe environment, having shelter and access to health care.

It's time we make bold moves to improve our quality of life. We can do this together.

I humbly ask for your vote.

SUNNY PARK

Mayor of Buena Park

The time for change in Orange County is now.

I'm Buena Park Mayor Sunny Park and I'm running to bring the change we need.

In the midst of COVID-19 — the Board of Supervisors repeatedly rejected calls for more government transparency. They rejected mask mandates at the onset of the Delta surge and then refused to allow access to public health officials when we needed them most.

Now, our county is grappling with a homelessness emergency, an affordable housing shortage and a public safety crisis.

It's clear the status quo isn't working. Orange County deserves a forward-thinking, post pandemic community leader who can embrace the change the pandemic has brought on and move the county to the right direction. That's why the stakes couldn't be higher.

As a mother and an immigrant, I understand the struggles that so many people in communities throughout Orange County face on a daily basis. It's why I got into public service — to lift up marginalized communities, protect our planet, and ensure that our neighborhoods are safe, healthy and thriving.

From serving as Mayor of Buena Park and on the Orange County Fire Authority Board, to earning the Presidential Gold Medal for Volunteerism from President Barack Obama — my life's work has been centered around public service and giving back.

As your Supervisor, I will:

Urgently address homelessness, helping to provide mental health services to the unhoused and get them into permanent housing;

Increase transparency at the county, especially on public health;

Hold all elected officials, including myself, accountable;

Strengthen our economy by helping small businesses;

Stand with working families, creating more good paying middle class jobs, while protecting workers' rights;

Combat climate change by safeguarding our environment, preserving clean air and water, and getting the county to 100% clean energy;

Expand healthcare access and improve our county's health department;

Keep communities safe by investing in public safety, like firefighters and paramedic emergency response, while enacting commonsense criminal justice reforms.

That is why I am endorsed by:

Democratic Party of Orange County

Hotel Workers

Senator Bob Archuleta

Senator Dave Min

Assemblymember Sharon Quirk-Silva

California Treasurer Fiona Ma

Former California Treasurer John Chiang

Working Families

Let's create change by electing an energetic local Mayor to take the OC Board of Supervisors in a new direction.

I would be deeply honored to have your support — and your vote — on June 7th.

With gratitude,

DOUG CHAFFEE

Orange County Supervisor

Dear Neighbor,

It has been my honor to represent portions of North Orange County on the Board of Supervisors since 2018. I am grateful for the trust the voters have placed in me, and I have worked hard to deliver results for our neighborhoods.

Battling COVID-19 has been my top priority, especially protecting our seniors who are our most vulnerable. Now, we are providing booster shots for everyone who wants one.

As your Supervisor, I am proud of the work we have done to:

House homeless residents by increasing access to shelter beds and permanent supportive housing.

Prioritize funding to reduce crime, keep neighborhoods safe, and ensure fast 911-response times.

Support the development of the Veterans Village in Placentia and the Veterans Cemetery in Gypsum Canyon.

Preserve open space by investing in public parks and recreation areas for children and families such as Coyote Hills in Fullerton and Riverwalk in Anaheim.

Promote sustainability to reduce pollution and carbon emissions like our Metrolink trains that now use biodiesel.

Expand mental health services by supporting the construction of the BeWell OC campus which opened in 2021 and planning for additional BeWell campuses.

Champion the establishment of the Orange County Housing Finance Trust to help fund housing for the homeless and those at risk of homelessness.

Support our local school districts with funding for Chromebooks and internet access, as well as funding for Band, Dance, and Music programs during the pandemic.

Each day, I look forward to serving the public especially by helping to connect people with services. If you have questions for me, ideas for our communities, or issues you would like to discuss, please call (714) 343-8531 or email Doug@ChaffeeForSupervisor.com.

Doug is a proud graduate of Fullerton Union High School, the University of Redlands, and Northwestern University School of Law. He and his wife, Paulette, raised their two sons in Fullerton.

STEVEN C. VARGAS

Councilmember/Lieutenant Commander

My life is dedicated to service: after 9/11, I joined the United States Navy Reserve, deployed to Iraq, and still serve our country as a Lieutenant Commander. I serve the community as a Councilmember and former Mayor.

My volunteer service includes:

- Current Adjutant, Brea American Legion Post 181
- Former Commander, Brea Veterans of Foreign Wars Post 5384
- Former President, Placentia Boys & Girls Club
- Previous District Executive, Cub Scout Pack 820

I've lived in our district since 1978 and married my neighbor Lisa 28 years ago, sharing love and respect for our five daughters. I want to improve Orange County for them to raise their children.

Having been a small business owner, Lieutenant Commander, and Mayor/Councilmember, I know what it takes to run government with business efficiency and military integrity.

As your Supervisor, I will:

- Ensure we put handcuffs on criminals, not on Sheriff's deputies: stop smash and grabs – catch and latch lawbreakers
- Develop treatment centers – put homeless residents on a path of recovery to then seek permanent housing options
- Oppose fee/tax increases – businesses and residents already pay too much

I'm honored to be endorsed by:

- Association of Orange County Deputy District Attorneys, who know I'll fight to protect your safety
- Orange County Supervisors Don Wagner, Patricia Bates (ret.), Janet Nguyen (ret.), and Jim Silva (ret.)

I'm a passionate fighter who will never quit on you. Vote Vargas!

KATRINA FOLEY

Orange County Supervisor/Businessowner

Orange County Supervisor Katrina Foley fought for our families and safeguarded our tax dollars during her first year on the board. Supervisor Foley used her decades of local experience to stand up to Sacramento, respond to city needs after years of neglect by her predecessors, and delivered results for our community. Since joining the Orange County Board of Supervisors, Katrina Foley has:

Protected our neighborhoods by fully funding Orange County's law enforcement agencies, including funding to clear rape kit backlogs and combat the rise of hate crimes; addressed the proliferation of illegal sober living homes and crafted a plan to combat the alarming rate of fentanyl usage; and voted to oppose bringing sexually violent predators to Orange County.

Reduced homelessness by approving new housing opportunities and conversion of dilapidated and unsafe motels; secured funding to clear encampments in parks and flood channels; and increased mental health resources, including suicide prevention for veterans.

Protected public health and kept Orange County businesses and schools open by expanding COVID-19 vaccine and testing availability.

Improved transparency and accountability of the county's nearly \$8 billion budget by being a watchdog against no-bid contracts; reduced service fees and refunded more than \$8 million in property taxes. The Orange County Register said Foley was "right to defy fellow OC Supes," with her public briefings.

Defended our coastal communities by reducing noise and air pollution from John Wayne Airport; led the response on the Orange County oil spill; began creating the first Climate Action plan in county history; and successfully advocated for sand replenishment funding.

Supervisor Katrina Foley is supported by Orange County firefighters, paramedics, public safety officers, nurses, teachers, veterans, grocery workers, healthcare workers, environmental organizations, and more than 200 community and elected leaders.

Supervisor Katrina Foley is a successful businesswoman, attorney, and mother who was elected to the Orange County Board of Supervisors in a special election in 2021. "As your Supervisor, I work hard every day to listen to the needs of Orange County's residents and deliver results for our communities. Together, we have protected public health, created innovative programs to help local businesses, and worked with urgency to reduce homelessness. Much work remains to be done, but I'm proud of the progress we are making.

If you have questions for me or ideas for our communities, please call (714) 367-6126 or email me at [Hello@KatrinaFoley.com](mailto>Hello@KatrinaFoley.com).

I respectfully request your vote."

KEVIN MULDOON

AGE: 43

Mayor/Orange County Businessman

Crime and homelessness threaten our communities.

As a former prosecutor, seven-year councilman and current mayor, I have a long record of being tough on crime.

Public safety is my top priority. I support our police and sheriffs and will keep them fully funded.

Homelessness is a state-wide crisis caused by bad Sacramento policies.

As a businessman and attorney who worked in the White House, I have the background to solve these problems.

I personally sued Governor Newsom in federal court for arbitrarily shutting down Orange County's beaches during COVID, forcing him to reopen them immediately.

My accomplishments include:

Husband and father.

Record of always defending Prop 13 and fighting taxes.

Worked with county and local leaders to deal with the growing homeless problem. We have more work to do.

Led the city's opposition to early release of criminals into our neighborhoods.

I sit on the Board of the Armed Services YMCA at Camp Pendleton, dedicated to assisting military families, and volunteer with a crime victim's advocacy group.

Raised in South Orange County, I'm a lifelong Orange County resident.

CLAUDE PARRISH
Orange County Assessor

My Commitments upon taking office on January 5, 2015 were:

To, Eliminate waste. This year alone, my department returned \$2,363,000 in funds to the County.

To, Extend the deadline for tax appeals from September 15th to November 30th. Now taxpayers have an additional 75 days to file appeals.

To, Complete the Tax Roll on time. Now every time it is, a first since 2008. Tax bills in 2014 were received around the end of October, since 2015 they now arrive in mid-September.

To, Create a Taxpayer Advocate Office. Now we have, "A Public Defender for the Taxpayer," (www.ocassessor.gov/taxpayers-advocate) to assist taxpayers with problems, Prop 8 reductions, concerns regarding trusts, and helping taxpayers with their concerns.

To, Establish a south county satellite office. We now have, in Mission Viejo City Hall, a rent-free office with current employees that live close, at no additional cost to taxpayers.

To, Allow taxpayers all lawful exemptions that they are qualified for, without undue bureaucratic delays. Starting with Wise Place Women's Homeless Shelter.

To Reduce appeals from 19,507 in 2015. Now there are only 5878 due to more accurate valuations.

To, Protect Proposition 13. Again, I received the endorsement of the Howard Jarvis Taxpayer Association, PAC.

Having always maintained an open-door policy, you may call me: (714)697-1929.
I respectfully ask for your vote.

TODD SPITZER

Orange County District Attorney-Public Administrator

Orange County is California’s safest major county. (<https://www.oag.ca.gov/crime>) My job is to keep it that way. I don’t accept social experiments. We are in danger of losing our low crime and excellent quality of life.

I won’t stand for it. I am your District Attorney. I fight for you.

Once beautiful cities--Los Angeles and San Francisco--have deteriorated beyond recognition. Los Angeles DA George Gascon refuses to prosecute crime and hold criminals accountable.

Voters trust me—Orange County Supervisor; Legislator (Authored Megan’s Law/Internet); School Board Trustee; Police Officer; School Teacher, Business owner.

I’ve prosecuted felonies: hard core gangs, sex offenders, human trafficking, drunk drivers, animal cruelty, “smash and grab”, follow home robberies and California’s worst mass murderer—The Golden State Killer. We caught the suspect who shot 6 year old Aiden Leos on the 55 freeway.

I have one of America’s toughest Hate Crime Units.

I’m tough too; but I invest in early intervention, job training, mental illness and addiction treatment to give offenders a chance. I opened our first homeless shelter and humanely cleared the riverbed at Angels Stadium with Judge Carter.

Respected endorsements: Association of OC Deputy Sheriff’s; OC Professional Firefighters, Crime Victims United, OC Taxpayers Association, OC Employees Association; Hispanic 100; Building Trades; OC Veterans Alliance.

PETE HARDIN

AGE: 43

Attorney/Business Owner

Crime and Homelessness In Orange County Are Skyrocketing.

Putting career politicians in charge of public safety has proven disastrous.

- Homicides reached a 22-year high last year:
- Homelessness (+41%)
- Aggravated Assaults with Firearms (+51%)
- Violent Crime (+10%)
- Burglary (+11%)
- Vehicle thefts (+35%)
- Arson (+33%)
- Anti-Asian Hate Incidents (+1800%)
- (Source: Department of Justice and County Data)

Orange County used to be one of the safest places in America.

We need a new District Attorney.

Pete Hardin is a Marine Corps combat veteran, a former Deputy District Attorney, and Special Assistant U.S. Attorney. He has spent his life fighting for our country on the battlefield and fighting for Orange County in the courtroom.

Hardin is not a politician, he led Marines at war. As a Marine Corps officer, he served in Afghanistan as a member of 1st Reconnaissance Battalion. Hardin achieved the rank of Captain, led the prosecution office for the largest command in the Marine Corps, and was honorably discharged in 2013. He is endorsed by VoteVets.

As a prosecutor, Hardin led law enforcement officers and federal agents in prosecuting over 100 cases and taking down violent criminals, drug dealers, and fraudsters. He worked closely with law enforcement officers from all over Orange County and federal agents from the FBI, ATF, NCIS, Secret Service, Homeland Security, and State Department.

Orange County deserves real leadership. Criminals need to face real consequences. Victims deserve justice. Taxpayers and law-abiding citizens need reforms that will fix our revolving door criminal justice system and clean up our streets.

Hardin will focus prosecutorial resources on violent crime and invest in drug treatment programs, mental health services, job training, gang intervention, and other programs proven to reduce crime. He’ll collaborate with law enforcement to break cycles of incarceration and homelessness. He’ll hold offenders accountable, expand victims’ services to support crime survivors, and eliminate gross fiscal irresponsibility and waste in our justice system.

To reverse Orange County’s horrific crime rates and restore integrity to the District Attorney’s office we must elect a new, energetic, and experienced District Attorney. Pete Hardin would be honored to have your vote.

BRYAN CHEHOCK
Federal Attorney

AGE: 51

As your District Attorney, I will work tirelessly to protect the public, reduce crime, prosecute those responsible for overdose deaths, restore public confidence in the legal system, and promote fair, impartial, and just resolutions of criminal cases. Furthermore, I will engage with the entire community, not just special interests, in order to make meaningful change.

I have dedicated my legal career to public service, national security, and law enforcement. I have worked on hundreds of criminal cases, and have the experience and temperament to serve effectively as District Attorney.

After graduating from law school in 1997 with high honors, I worked in the private sector and clerked for the U.S. Court of Appeals in both the Seventh and Eleventh Circuits. Since 2006, I have worked in various positions within the U.S. Department of Justice, including the F.B.I., and have served as Counsel for the U.S. Drug Enforcement Administration in the Southern District of California for the past six years.

While serving in the U.S. Department of Justice, I received two Assistant Attorney General Awards for Excellence and two for Distinguished Service. In 2015, I received an Attorney General Award for "Excellence in Furthering the Interests of U.S. National Security" related to my work in the prosecution of an individual who sought to bomb a public Christmas celebration in Portland.

I currently work with state, local, and federal partners to prosecute drug cartel members, doctors and pharmacies that divert controlled substances, gang members, and street-level fentanyl dealers. In 2020, I was awarded the "Excellence in the Pursuit of Justice Award" by the U.S. Attorney for the Southern District of California for my work in litigation involving controlled substances. When issuing the award, the U.S. Attorney noted that my leadership and the ruling I helped secure would "bear fruit for years in controlled substances investigations."

I believe that District Attorneys should avoid not only impropriety but also the appearance of impropriety. To ensure public confidence in the office and avoid even the appearance of impropriety in the minds of voters, I am forgoing political donations during this campaign.

I was raised in Orange County and know how special it is. I am running as a private citizen, not as a politician or government representative, because Orange County deserves a District Attorney with an unwavering focus on the best interests of its citizens. I would be humbled to receive your vote.

MICHAEL A. JACOBS
Attorney at Law

I am a former Orange County Deputy District Attorney with 30 years of experience as a prosecutor. If elected District Attorney, I will use my experience to ensure that the district attorney's office operates in a professional, ethical, and competent manner focused on the prosecution of criminal violations. During my career I worked in the Felony Panel, Career Criminal, Sexual Assault, Narcotics/Special Assignments and Homicide units. I worked in the Homicide Unit for 13 years and supervised it for 3 years. I also managed the Felony Panel and Narcotics/Special Assignments units.

I am not a politician. My work in the office was as a trial attorney. I spent 25 out of my 30 years in trial units. My experience as a prosecutor includes 141 jury trials, 75 were felonies of which 26 were homicides. During my career I prosecuted the first case where a driving under the influence case resulted in a second-degree murder conviction. I also prosecuted a serial sexual assault case where for the first time in Orange County DNA results were introduced into evidence.

While supervising the Felony Panel, I initiated a review of a series of sexual assault homicides that occurred in the late 1970s. The investigation led to the arrest of Gerald Parker and his conviction of 6 counts of murder. It also freed an innocent man who had been wrongly convicted of one of the offenses and had served 16 years in prison. After Parker was in custody, I organized and obtained funding from the state for an unsolved homicide project named TRACKRS. Thereafter, I initiated the Orange County Innocence Project. It involved providing O.C.D.A forms to all of the state's prison facilities for inmates who felt that they had been wrongly convicted.

The work of the District Attorney's Office is crucial to our system of justice. The power granted to deputy district attorneys must be carefully and fairly applied. Cases should be evaluated and prosecuted ethically without infringing upon defendants' rights. I have the experience and background to restore integrity and professionalism to the leadership of the District Attorney's Office. This is particularly necessary given the prevalent atmosphere of increased criminal conduct and violence that seems to be spreading across the country.

I'm committed to restoring the public's trust in our local criminal justice system. Please give me that opportunity. Vote Mike Jacobs for DA.

City of Huntington Beach, The City of Huntington Beach Cannabis Business Tax Measure

Shall the City adopt a special tax measure of up to 6% of gross receipts on Cannabis retailers and up to 1% of gross receipts on all other Cannabis businesses, which is expected to generate an estimated \$300,000 to \$600,000 annually for the specific purposes of funding police, homeless prevention, behavioral health services, and intervention programs, and levied until terminated by voters?

Impartial Analysis City of Huntington Beach Measure A

Measure A is submitted to the voters by the Huntington Beach City Council and would amend the Huntington Beach Municipal Code to establish a Cannabis Business Tax that would apply to commercial cannabis businesses that may operate in Huntington Beach, as defined in the proposed ordinance.

Background

On March 1, 2022, the Huntington Beach City Council approved submission of an ordinance for voter approval to amend the Huntington Beach Municipal Code ("HBMC") to establish a special tax that would apply to commercial cannabis businesses that may operate in Huntington Beach. The ordinance would establish both (i) a not-to-exceed rate of 6% local special tax on the gross receipts received by any cannabis retail business; and (ii) a not-to-exceed rate of 1% local special tax on any other cannabis business, including but not limited to indoor cultivation, manufacturing, testing laboratory, and distribution. The special tax must be approved by 2/3 of the voters in Huntington Beach, the proceeds of which would be deposited into a special City fund for police services for public safety, behavioral health and homeless prevention, and intervention programs and services. The special tax to be presented at a special election consolidated with the Statewide Primary Election in June of 2022.

The City Council cannot repeal this special tax, or set any adjusted rate that exceeds the maximum rates.

The Measure

If passed, Measure A would amend the HBMC to impose a special tax on commercial cannabis businesses as defined in the proposed ordinance. The tax would apply even if the business was operating illegally; however, the Measure does not authorize or permit otherwise illegal business activity. Monies from the proposed Cannabis Business Tax would be deposited into a special City fund to be used only for police services for public safety, behavioral health and homeless prevention, and intervention programs and services. The amount of the tax would depend on the gross receipts of the business. The tax is imposed on commercial cannabis businesses, and is not a sales tax imposed on qualified patients or primary caregivers.

The Measure sets taxation rates that could be adjusted by the City Council periodically, so long as the rates do not exceed the maximum rates approved by voters. The Cannabis Business Tax would be paid in arrears, on a monthly basis and failure to timely pay would result in certain increasing fines and penalties.

Measure A requires approval by 2/3 of the voters. A "yes" vote for Measure A will establish a Huntington Beach Cannabis Business Tax if commercial cannabis businesses ever become allowed. A "no" vote against Measure A will not establish such a tax.

The above statement is an impartial analysis of Measure A. Copies of the text of the proposed ordinance is available in the City Clerk's Office, public libraries, and on the City's website at <https://huntingtonbeachca.gov/>. For more information, contact the City Clerk's Office at (714) 536-5227.

Argument in Favor of Measure A

Please vote YES on Measure A to establish a tax rate for cannabis businesses should they ever be permitted in Huntington Beach.

In 2016, a **majority** of Huntington Beach residents voted in support of Proposition 64 that legalized the use of recreational cannabis (marijuana) in California. However, commercial cannabis activities are currently prohibited in Huntington Beach.

YES, on Measure A does not approve or allow for cannabis businesses to open and operate in Huntington Beach.

YES, on Measure A establishes local control and ensures that if allowed, commercial cannabis businesses operating in Huntington Beach will pay their fair share of taxes. This special tax will provide Huntington Beach with additional revenue to pay for police and homeless/behavioral health services.

YES, on Measure A simply permits the City to collect a tax from cannabis businesses if allowed to operate in the community. By acting now, the City will have a tax in place if cannabis businesses are approved later or forced upon us by Sacramento.

YES, on Measure A ensures tax revenue generated from cannabis sales is specifically dedicated to 1) **police** services for public safety and 2) **homeless** prevention/intervention and behavioral health services.

Measure A is fiscally responsible, timely, and prudent. Make sure that commercial cannabis businesses pay their fair share! Please join us in voting YES on Measure A.

SECTION 2: BALLOT DESCRIPTION

As provided in Government Code section 34458.5, the following ballot description is included in this proposed Charter Amendment measure:

DIRECT ELECTION OF MAYOR – The proposed Charter Amendment measure would amend Newport Beach City Charter Sections 400, 401, 1004, and 1005 to change the composition of the City Council from seven Council Members to a Mayor and six Council Members. The Mayor would be nominated by residents and registered voters of the City of Newport Beach ("City") and elected by the voters of the City at-large. The number of City Council districts would be reduced to six and the Council Members would be elected from each of the six districts by the City electors at-large. The person elected Mayor would serve a term of four years and would only be eligible to hold the office of Mayor for two four-year terms in the person's lifetime. Also, the Mayor would be ineligible to hold office as a Councilmember for the term of office that immediately follows a term to which the person was elected Mayor. This measure would also amend Charter Section 403 to provide a procedure for filling a vacancy in the office of Mayor.

Charter Sections 404, 405 and 410 would be amended to provide that the Mayor would: be counted as a Councilmember for purposes of establishing

Ballot Measures-B

a quorum to conduct business; preside at all Council meetings, be a voting member of the Council, have the discretion to determine the order of business and have a voice in all Council proceedings; and set Council meeting agendas; however, at any Council meeting, three Councilmembers would have the discretion to add an item to a future agenda. This Charter Amendment does not give the City Council power to raise its own compensation or the compensation of other City officials without voter approval.

SECTION 3: SEVERABILITY

It is the intent of the people that the provisions of this Charter Amendment measure are severable and that if any provision of this Charter Amendment measure, or the application thereof to any person or circumstance, is held invalid such invalidity shall not affect any other provision or application of this Charter Amendment measure which can be given effect without the invalid provision or application.

SECTION 4: CONFLICTING MEASURES

In the event this Charter Amendment measure and another measure or measures relating to establishing the office of elected Mayor, City Council districts, and term limits for the Mayor, the other matters described herein shall appear on the same special municipal election ballot, the other Charter measure or measures shall be deemed to be in conflict with this Charter Amendment measure. In the event that this Charter Amendment measure receives a greater number of affirmative votes, the provisions of this measure shall prevail in their entirety, and the provisions of the other measure or measures shall be null and void.

If this Charter Amendment measure is approved by the voters but superseded in whole or in part by any other conflicting measure approved by the voters at the same election, and such other conflicting measure is later found held invalid, this measure shall be self-executing and given full force and effect.

SECTION 5: IMPLEMENTATION

In the event this Charter Amendment measure is approved:

- A. The members of the City Council in office at the time these Charter provisions take effect shall continue in office until the expiration of their respective terms and until their successors are elected and qualified.
- B. The City Council shall, no later than six (6) months prior to the next general municipal election held after the year in which the Charter amendments adopted herein take effect, follow any process required by applicable law and adopt an ordinance to establish the respective boundaries of the six (6) City Council districts.
- C. The enactment of this measure shall not be interpreted or applied to reset or extend the limit on consecutive terms applicable to any person holding office as a member of the City Council at the time this measure is approved by voters.

SECTION 6: EFFECTIVE DATE

This Charter Amendment measure shall become effective in the manner allowed by law.

Ballot Measures-BImpartial Analysis
City of Newport Beach
Measure B

This measure was placed on the ballot by the City of Newport Beach (“City”) City Council (“Council”) pursuant to the authority provided by Section 3 of Article XI of the California Constitution, Section 1001 of the City Charter (“Charter”), and Sections 1415 (a)(2) and 9255(b)(1) of the California Elections Code. This City-sponsored measure would amend the Charter to provide for the direct election of the Mayor by the voters of the City at-large, instead of the Council electing one of its members to be Mayor. The person elected Mayor would serve a term of four years; only be eligible to hold the office of Mayor for two four-year terms in the person’s lifetime; and be ineligible to hold office as a Councilmember for the term of office immediately following the term to which the person was elected Mayor.

Currently, one Councilmember is elected from each of the seven Council districts (“Districts”) by the City electors at-large. This measure proposes to reduce the number of Districts to six, with election of the Mayor and Districts two and five being filled at the general municipal election occurring in each even-numbered year that is evenly divisible by four; and Districts one, three, four, and six being filled at the general municipal election occurring in each even-numbered year that is not evenly divisible by four. Councilmembers would still be elected from each of the six Districts by the City electors at-large. The six new District boundaries would be established at least six months prior to the general municipal election in 2024.

This measure proposes to have the Mayor preside at Council meetings, be a voting member of the Council, and have a voice in Council proceedings. Also, the Mayor would be counted as a Councilmember for purposes of establishing quorum to conduct business at Council meetings. The Mayor would be primarily responsible for setting Council meeting agendas; however, at any Council meeting, three Councilmembers would have the discretion to add an item to a future agenda. In addition, the measure provides procedures to fill the office of Mayor if the position becomes vacant.

This measure would not reset or extend existing term limits applicable to Councilmembers.

This proposed City-sponsored measure requires approval of a majority of voters. A “yes” vote is a vote in favor of amending the Charter to provide for the direct election of the Mayor. A “no” vote will reject the proposed amendment to the Charter, leaving the Charter in its present form.

The above statement is an impartial analysis of Measure B. Argument in Favor of Measure B

Should you choose who your Mayor is? Or should someone else choose for you?

A candidate for Mayor should have to talk to you, the voters, about their priorities for our city. And you should get to vote for the candidate of your choosing.

If you believe that you should choose who your Mayor is, then vote yes. It's that simple.

Right now, council members from districts all around the city gather in a room once a year and pick from amongst themselves who will be Mayor. Even though Newport Beach has over 60,000 voters, the Mayor is selected by only seven people!

This "Elect Our Mayor" initiative places the power in the hands of voters, not politicians.

This measure also places the strictest term limits in our city on the position of Mayor. A person can serve only two terms total in their life.

A candidate for Mayor should be talking to all of us about their priorities, stand for a city-wide vote, and be accountable to all of us.

We the voters should choose our Mayor. Vote yes.

Rebuttal to Argument in Favor of Measure B

The proponents don't mention **passage of Measure B would not only provide for direct election of the mayor, but would add dangerous new powers the Newport Beach mayor currently doesn't have**, including near complete control over the council agenda's content.

They claim their proposal would make city government more responsive when in actuality it would be less: one of the six city council districts will be represented by both a mayor and a council person, giving one district greater decision-making authority. That minimizes the voice of other council members and the residents they represent.

The effectiveness of our current City government lies not in the power of one elected individual, but in the power of the residents making their opinions known to City Council members sharing equal decision-making authority. It is the same method used by almost every city of our size and has served us well.

Further, the proponents state that their proposal imposes stronger term limits when the opposite is true. Under Measure_, a person could serve two terms on council and two terms as mayor, sixteen years in all, erasing our current term limits.

In addition, a mayor with the proposed new powers would bring unwelcome power politics to Newport Beach, attracting outside interests and resulting in mayoral campaigns costing more than \$500,000.

Don't let big campaign donors decide the future of Newport Beach, and don't let one person make the decisions on how the city is run.

Vote No on Measure B.

Argument Against Measure B

Should Newport have a politician who rules over city council and city hall? No.

Our city's incredible success and financial stability demonstrates the strength of our current council system. Our city does not need a King.

Measure B allows any person who has lived in Newport Beach 30 days or more to run for Mayor. Whoever wins the mayorship would become a super-councilmember, dominating the council's agenda, overseeing city departments, and directing the city manager. If the elected mayor did not govern as voters expected, they could remain in office for four years, possibly eight. That's too much power for too long.

For 67 years, Newport Beach has had an elected council of seven members who share power equally. This system serves our city well, providing steady leadership while keeping any one councilmember from dominating city hall.

Citizens already elect Newport's mayor by voting for councilmembers who eventually are nominated and elected to mayor by their peers. This system builds community and council consensus.

A council of equals ensures that each district in our city can be represented by the mayor for one year. Council members serve as a check on each other and collectively ensure that the city is well-managed.

Elected mayor cities tend to generate political machines for ambitious politicians. That may be good for someone hungry for state and national office, but our mayor should focus on our city's needs, not their political futures.

Measure B reduces the number of council districts from seven to six. The mayor would not represent a district. This dilutes the power of voters. It also reduces the attractiveness of serving on council if it is dominated by one person. Would you serve on such a council?

Vote no on Measure B (NoKing4Newport.com).

s/ Joy Brenner

Rebuttal to Argument Against Measure B

This initiative gives you a choice: do you want to choose your Mayor? You don't make that choice now, but do you want to make that choice going forward? If the answer is yes, then vote yes.

That change is significant because it takes the power away from politicians and puts the power in voters' hands. And a directly-elected Mayor will develop longer and more consistent relationships to advance our city's interests.

The initiative is otherwise not a very big change at all. You are represented by seven people who seek election city-wide, which would be true under the initiative too.

A directly-elected Mayor will be one vote of seven without any veto authority. There is nothing in this change that would authorize more staff hiring. It is not a "strong Mayor" system like New York or San Francisco.

City Council term limits remain unchanged. But this directly-elected Mayor will have the strictest term limits in the city — being able to serve only two terms, and then banned from the office for life.

Opponents don't want voters to choose their Mayor and have formed a Political Action Committee called "No Elected Mayor."

Should we have no elected Mayor? Or should voters choose their Mayor?

If you want to choose your Mayor, then vote yes. It's that simple.

Impartial Analysis City of Westminster Measure C

The Westminster City Council is currently comprised of four councilmembers and a mayor, each of whom serve four-year terms. Each councilmember represents a geographic district and is elected by the voters of that district. The mayor is elected at-large (by all of the voters of the City). The mayor serves as chair of the City Council, is a voting member of the City Council, and performs certain ceremonial and ministerial functions (such as signing ordinances and resolutions adopted by the City Council). The mayor does not have a veto power.

Measure C is an ordinance placed on the ballot by the City Council. If the ordinance is adopted by a majority of Westminster voters, the number of councilmembers would be expanded to five and the at-large mayor office would be eliminated. The five councilmembers would then select one member to serve as mayor. The mayor would, in addition to his or her duties as a councilmember, chair the City Council, perform certain ceremonial and ministerial functions as the official head of the City, and perform other duties assigned by the Municipal Code or the City Council. The mayor would not have a veto power, and could be removed from the position of mayor by a vote of the City Council.

Councilmember terms are staggered, so that all seats are not up for election at the same time. Two of the current councilmembers (representing Districts 2 and 3) were elected in 2020, so regardless of whether this measure passes, their seats will not be on the ballot until 2024.

If this measure does not pass, then two councilmember seats (Districts 1 and 4) and the at-large mayor office will appear on the November 2022 ballot to be filled. However, if this measure passes then three councilmember seats will appear on the November 2022 ballot (Districts 1, 4 and the new District 5). This measure would not shorten the term of the currently elected mayor, whose term will end when the November 2022 election is certified.

As of the date this analysis was prepared in February 2022, the City Council was in the process of adopting district maps for both a four-district council and a five-district council. These maps were expected to be fully adopted no later than April 17, 2022. If this measure is not adopted, then the four-district map would be used in the November 2022 election. If this measure is adopted, then the five-district map would be used instead.

A “yes” vote is a vote to eliminate the office of elected mayor, and to instead cause the City Council to be comprised of five councilmembers elected from five geographic districts. A “no” vote is a vote to retain the current structure, with an at-large elected mayor and four councilmembers elected from geographic districts.

Argument in Favor of Measure C

Vote "YES" on Measure C to reduce abuse of power and provide fair and equitable representation and opportunities for all WESTMINSTER RESIDENTS!

MEASURE C WILL:

- **STOP** potential corruption and abuse of power by politicians who hold the title of mayor for too long.
- **CREATE five** councilmember districts which will greatly improve and expand the ability of communities of interest, neighborhoods, and minority groups to elect candidates of their choice.
- **PROVIDE** constituents in each district the satisfaction of seeing the councilmember they elected serve as the public face of the City of Westminster.
- **ALIGN** Westminster with 26 other cities in Orange County who appoint their mayor annually.
- **DEPOLITICIZE** the office of mayor and eliminate the need to undergo a cost-prohibitive citywide political campaign to serve as mayor, providing equitable access and opportunity for residents across all socio-economic groups to serve as mayor.
- **INTRODUCE** fresh ideas and innovation to Westminster City Council leadership.
- **INCREASE** the likelihood that the mayor will have local government experience as a Westminster councilmember before serving as mayor.
- **EXPAND** community and city representation on outside/regional boards and commissions.
- **REMOVE** the illusion that the mayor runs the city or has more legislative power than the other councilmembers.

FACTS:

- Westminster has had only **two** mayors in **22** years!
- Westminster did **not** have a directly-elected mayor until 1986. This measure merely reestablishes the original procedure of selecting a mayor annually as it was before 1986.
- Only **seven** cities in Orange County have a directly-elected mayor, all but one have significantly larger populations than Westminster.

VOTE "YES" ON MEASURE C TO REDUCE CORRUPTION AND PROVIDE FAIR AND EQUITABLE OPPORTUNITIES AND REPRESENTATION FOR ALL RESIDENTS OF THE CITY OF WESTMINSTER!
